The Business of Building and Managing a Healthcare Practice Neil Baum,Marc J. Kahn,Jeffery Daigrepoint,2023-08-31 Building on the foundation of the previous edition this book takes readers to the next level of management of medical practices for the 21st century The road to becoming a physician is not an easy one to travel nor does it become easier once a doctor completes his her training After a long and arduous training process doctors embark on their professional journey and there are major crossroads that are fraught with challenges unknowns and risk The transition to professional practice is daunting and many physicians leave their training unprepared for the business of medicine Even at the peak of their careers sustaining a successful and profitable practice is not easy Opening chapters revisit the basic business concepts that every physician needs to know emphasizing the benefits that accrue to a physician who understands the basics of business from accounting and contracts to managing people and personal finances The next set of chapters offers a roadmap for doctors who are beginning a medical practice and will include new methods and procedures that have become available since the original edition defining the various options for doctors employment such as solo practice group practice and academic medicine The final chapters emphasize strategies on how to build and grow a successful practice including the use of technology and telemedicine cybersecurity marketing and much more Unfortunately not every doctor has the background training and skills to manage a medical practice The Business of Building and Managing a Healthcare Practice simplifies the process of business management and provides the practicing physician with knowledge to be able to enjoy the business component of his her medical practice

Engaging Social Media in China Guobin Yang,Wei Wang,2021-05-01 Introducing the concept of state sponsored platformization this volume shows the complexity behind the central role the party state plays in shaping social media platforms The party state increasingly penetrates commercial social media while aspiring to turn its own media agencies into platforms Yet state sponsored platformization does not necessarily produce the Chinese Communist Party s

desired outcomes Citizens continue to appropriate social media for creative public engagement at the same time that more people are managing their online settings to reduce or refuse connection inducing new forms of crafted resistance to hyper social media connectivity The wide ranging essays presented here explore the mobile radio service Ximalaya FM Alibaba s evolution into a multi platform ecosystem livestreaming platforms in the United States and China the role of Twitter in Trump s North Korea diplomacy user generated content in the news media the emergence of new social agents mediating between state and society social media art projects Chinese and US scientists use of social media and reluctance to engage with WeChat Ultimately readers will find that the ten chapters in this volume contribute significant new research and insights to the fast growing scholarship on social media in China at a time when online communication is increasingly constrained by international struggles over political control and privacy issues
