Wild Reckless Ginger Scott,2015-03-17 Kensington Worth had a vision for her senior year It involved her best friends her posh private school in downtown Chicago and time alone with her piano until her audition was perfected a guaranteed ticket into the best music programs in the world Instead a nightmare took over It didn t happen all at once but her life unraveled quickly a tiny thread that evil somehow kept pulling until everything precious was taken from her She was suddenly living miles away from her old life trapped in an existence she didn t choose one determined to destroy her from the inside leaving only hate and anger behind It didn t help that her neighbor the one whose eyes held danger was enjoying every second of her fall Owen Harper was trouble his heart wild and his past the kind that s spoken about in whispers And somehow his path was always intertwined with Kensington s every interaction crushing her ruining her hope for any future better than her now Sometimes though what everyone warns is trouble is exactly what the heart needs Owen Harper was consumed with darkness and it held onto his soul for years When Kensington looked at him she saw a boy who d gotten good at taking others down when they threatened his carefully balanced life But the more she looked the more she saw other things too good things things to admire Things to love Things that made her want to be reckless And those things they were the scariest of all

Decision and Decision-maker in an Industrial Environment Lamia Berrah,Vincent Clivillé,2023-08-29 Decision and Decision maker in an Industrial Environment developed around the observation that two different decision makers faced with the same problem may not make the same decision The book proposes explanations for this ranging from the wholly rational to the irrational and analyzes different factors in decision

making such as the intention of the decision maker the environment in which their decision is made or the process leading to decision making While the common belief is that everything in an industrial environment stems from reasoned decisions analysis of common practice shows that this is not always the case This book offers an original perspective by presenting the decision making mechanism from the point of view of the decision maker and their handling of a specific decision making problem To learn more about the decision maker s motivations when faced with these situations the authors provide a review of the history of decisionmaking and the major trends in decision making theory The concepts and methods are presented with illustrations based on the use of an MES an industrial management software package
