Kat's helpful warm and funny approach Shredded Ian Fraser, 2015-10-14 This is the definitive account of the Royal Bank of Scotland scandal. For a few brief months in 2007 and 2009 the Royal Bank of Scotland was the largest bank in the world. Then the Edinburgh based giant having rapidly grown its footprint to 55 countries and stretched its assets to 2.4 trillion under its hubristic and delinquent former boss Fred Goodwin crashed to earth. In *Shredded* Ian Fraser explores the series of cataclysmic misjudgments, the toxic internal culture and the light touch regulatory regime that gave rise to RBS NatWest's near collapse. He also considers why it became the most expensive bank in the world to bail out and why a culture of impunity was allowed to develop in the banking sector. This new edition brings the story up to date, chronicling the string of scandals that have come to light since taxpayers rescued RBS and concluding with an evaluation of the attempts of the bank's post crisis chief executives Stephen Hester and Ross McEwan to dismantle Goodwin's disastrous legacy and restore the damaged institutions to health. A gripping account. RBS was a rogue business operating in what had become a rogue industry with the connivance of government. Read it and weep. Martin Woolf Financial Times

The Aftermath Philip Bump, 2023-01-24 Philip Bump helps us understand that no matter the troubles of our days the future of this nation rests with what we do now. And that means all of us not just Baby Boomers. Eddie S. Glaude Jr. James S. McDonnell Distinguished University Professor Princeton University. A popular Washington Post columnist takes a deep dive into what the end of the baby boom means for American politics and economics. Philip Bump a reporter as adept with a graph as with a paragraph is popular for his ability to distill vast amounts of data into accessible stories. *THE AFTERMATH* is a sweeping assessment of how the baby boom created modern America and where power, wealth and politics will shift as the boom ends. How much longer than we'd expected will Boomers control wealth? Will millennials get shortchanged for jobs and capital as Gen Z rises? What kind of pressure will Boomers exert on the health care system? How do generations and parties overlap? When will regional identity trump age or ethnic or racial identity? Who will the future GOP voter be and how does that affect Democratic strategies? What does the Census get right and terribly wrong? The questions are myriad and Bump is here to fight speculation with fact. Writing with a
