Empire of AI Karen Hao, 2025-05-20 An Instant New York Times Bestseller A bestselling page turner that has made waves not just in Silicon Valley but around the world With Empire of AI Hao is fundamentally shaping many people's perceptions and understanding of the company at the center of the AI revolution TIME Magazine TIME100 AI 2025 Excellent and deeply reported Tim Wu The New York Times Startling and intensely researched an essential account of how OpenAI and ChatGPT came to be and the catastrophic places they will likely take us Vulture Hao's reporting inside OpenAI is exceptional and she's persuasive in her argument that the public should focus less on AI's putative sentience and more on its implications for labor and the environment Benjamin Wallace Wells New Yorker From a brilliant longtime AI insider with intimate access to the world of Sam Altman's OpenAI from the beginning an eye opening account of arguably the most fateful tech arms race in history reshaping the planet in real time from the cockpit of the company that is driving the frenzy When AI expert and investigative journalist Karen Hao first began covering OpenAI in 2019 she thought they were the good guys Founded as a nonprofit with safety enshrined as its core mission the organization was meant its leader Sam Altman told us to act as a check against more purely mercantile and potentially dangerous forces What could go wrong Over time Hao began to wrestle ever more deeply with that question Increasingly she realized that the core truth of this massively disruptive sector is that its vision of success requires an almost unprecedented amount of resources the compute power of high end chips and the processing capacity to create massive large language models the sheer volume of data that needs to be amassed at scale the humans cleaning up that data for sweatshop wages throughout the Global South and a truly alarming spike in the usage of energy and water underlying it all The truth is that we have entered a new and ominous age of empire only a small handful of globally scaled companies can even enter the field of play At the head of the pack with its ChatGPT breakthrough how would OpenAI resist such temptations Spoiler alert it didn't Armed with Microsoft's billions OpenAI is setting a breakneck pace chased by a small group of the most valuable companies in human history toward what end not even they can define All this time Hao has maintained her deep sourcing within the company and the industry and so she was in intimate contact with the story that shocked the entire tech industry Altman's sudden firing and triumphant return The behind the scenes story of what happened told here in full for the first time is revelatory of who the people controlling this technology really are But this isn't just the story of a single company however fascinating it is The g forces pressing down on the people of OpenAI are deforming the judgment of everyone else too as such forces do Naked power finds the ideology to cloak itself no one thinks they're the bad

guy But in the meantime as Hao shows through intrepid reporting on the ground around the world the enormous wheels of extraction grind on By drawing on the viewpoints of Silicon Valley engineers Kenyan data laborers and Chilean water activists Hao presents the fullest picture of AI and its impact we've seen to date alongside a trenchant analysis of where things are headed An astonishing eyewitness view from both up in the command capsule of the new economy and down where the real suffering happens Empire of AI pierces the veil of the industry defining our era ChatGPT vs. Gemini vs. Claude: The Ultimate AI Tools Showdown (2025 Edition) Luisa Lorek ,2025-05-27 AI Tools Compared The Ultimate 2025 Guide to ChatGPT Gemini Claude More Stop guessing discover which AI tool actually fits your needs with data backed comparisons Why This Book Artificial intelligence is moving faster than ever but most guides are already outdated This 2025 edition handbook cuts through the hype with 500 hours of hands on testing of all major AI platforms Unbiased rankings for writers coders marketers businesses Real world use cases not just specs Up to date pricing hidden limitations nobody talks about What's Inside The ChatGPT vs Gemini vs Claude Showdown Who wins for writing coding research Niche tool breakdowns Jasper for marketing Ghostwriter for devs Perplexity for academics Pro stacks How to combine 2 3 tools for maximum productivity 2025 exclusive New features like ChatGPT's Memory and Gemini's real time web scraping Who Needs This Writers Which AI helps vs hurts your unique voice Developers DeepSeek vs GitHub Copilot Best for your stack Marketers Jasper vs Writesonic for high converting copy Students Claude's 200K context vs Gemini's fact checking Bonus Get the free AI Cheat Sheet downloadable PDF with Quick start prompts for every tool Workflow templates Comparison matrix updated quarterly Updated for 2025 Includes newly launched features from OpenAI Google Anthropic Follow the author for free AI tips www.inspirationhub.com **KI, Agenten und Automatisierung für Influencer 2025** Jens Belner,101-01-01 Die Zukunft des Influencer Marketings beginnt jetzt KI Agenten und Automatisierung für Influencer 2025 Dein ultimativer Guide um smarter schneller und profitabler zu wachsen Du kannst mit Content Erstellung Community Management und Monetarisierung Du willst mehr Reichweite mehr Follower und mehr Einnahmen aber mit weniger Zeitaufwand Dann ist dieses Buch dein Game Changer Entdecke wie KI deine Influencer Karriere revolutioniert Automatisierte Video und Bildbearbeitung für viralen Content KI gesteuerte Chatbots Social Media Agenten für 24/7 Engagement Trendvorhersage Erkenne virale Themen bevor sie explodieren Automatisierte Monetarisierung mit Sponsoren passivem Einkommen KI gesteuerten Sales Funnels Die besten KI Tools für Wachstum Reichweite Branding 2025 gehört den Influencern die KI meistern Die Konkurrenz schläft nicht bleib vorne indem du die neuesten Automatisierungs und KI Strategien nutzt Lerne wie die erfolgreichsten Influencer ihre Marke skalieren ohne sich selbst auszubrennen Dein Fahrplan zur Influencer Dominanz im KI Zeitalter Sichere dir jetzt dein Exemplar und transformiere deine Social Media Strategie mit KI und Automatisierung **OpenAI Operator AI Agent (KI-Agenten) Mastery** JENS.
