dizzy she can't walk and it soon becomes clear that brain surgery is inevitable and life will never be the same. In gracefully stark prose Krug narrates in the third person the implosion of what should've been her gilded life: the sad and prolonged dissolution of her relationship with Claude and her transformation from the kind of girl other girls only pretended to like to a wife, mother, and PhD candidate back in Kansas. Interspersed throughout are fictional imaginings of the perspectives of her loved ones as she endures numerous surgeries and years of physically and emotionally excruciating rehab. Supplemented with facsimiles of the Illustrated Facial Exercises she used to work damaged muscles as well as other medical documents, Krug's story is an immediate, unsparing, and beautifully rendered account of loss and recovery.
