Anachronistic Turn Historical Fiction Drama Film and Television is the first study to investigate the ways in which the creative use of anachronism in historical fictions can allow us to rethink the relationship between past and present Through an examination of literary cinematic and popular texts and practices this book investigates how twenty first century historical fictions use creative anachronisms as a way of understanding modern issues and anxieties Drawing together a wide range of texts across all forms of historical fiction novels dramas musicals films and television this book re frames anachronism not as an error but as a deliberate strategy that emphasises the fictionalising tendencies of all forms of historical writing The book achieves this by exploring three core themes the developing trends in the twenty first century for creators of historical fiction to include deliberate anachronisms such as contemporary references music and language the ways in which the deliberate use of anachronism in historical fiction can allow us to rethink the relationship between past and present and the way that contemporary historical fiction uses anachronism to better understand modern issues and anxieties This book will appeal to students and scholars of historical fiction contemporary historical film and television studies and historical theatre studies

The Nook Book Patrick Kanouse,2012 Covers NOOK Simple Touch NOOK Tablet and NOOK Color Cover *The Fictional Female Presidency in Film, Television, and Literature* Kathleen W. Taylor Kollman,2025-11-13 This book examines the ways in which popular culture has entertained the notion of a female U S presidency through portrayals in film television and literature dating back to the 1930s To date no woman has served as Commander in Chief in the White House This lack of precedent however has not deterred the continued exploration of this idea in U S popular culture for decades In this book Kathleen W Taylor Kollman analyzes fictionalized portrayals of female U S Presidents across a variety of media spanning both genre and time period to demonstrate how the perceptions of audiences and content creators have shifted when considering the idea of a woman's ability to run the United States She then contextualizes each example by positioning it alongside real life women in politics to examine the accuracy of existing portrayals when compared to the media framing of aspiring political candidates By analyzing works diverse in genre including science fiction dystopias slapstick comedias political dramas satire and romance novels Kollman also explores the ways in which genre can also play a critical factor in the framing of these women with regard to both subject matter and approach Scholars interested in parasocial relationships the history of feminist movements the intersection of political and media audiences and popular media trends will find this book particularly compelling The Value Gap Courtney Brannon Donoghue,2023-08-08 How female directors producers and

writers navigate the challenges and barriers facing female driven projects at each stage of filmmaking in contemporary Hollywood Conversations about gender equity in the workplace accelerated in the 2010s with debates inside Hollywood specifically pointing to broader systemic problems of employment disparities and exploitative labor practices Compounded by the devastating MeToo revelations these problems led to a wide scale call for change The Value Gap traces female driven filmmaking across development financing production film festivals marketing and distribution examining the realities facing women working in the industry during this transformative moment Drawing from five years of extensive interviews with female producers writers and directors at different stages of their careers Courtney Brannon Donoghue examines how Hollywood business cultures value female driven projects as risky or not bankable Industry claims that movies targeting female audiences don't make money or women can't direct big budget blockbusters have long circulated to rationalize systemic gender inequities and have served to normalize studios prioritizing the white male driven status quo Through a critical media industry studies lens The Value Gap challenges this pervasive logic with firsthand accounts of women actively navigating the male dominated and conglomerate owned industrial landscape

Romance and Germanic Petra Sleeman, Harry Perridon, 2011-02-16 One of the recurrent questions in historical linguistics is to what extent languages can borrow grammar from other languages It seems for instance hardly likely that each average European language developed a definite article all by itself without any influence from neighbouring languages It is on the other hand by no means clear what exactly was borrowed since the way in which definiteness is expressed differs greatly among the various Germanic and Romance languages and dialects One of the main aims of this volume is to shed some light on the question of what is similar and what is different in the structure of the noun phrase of the various Romance and Germanic languages and dialects and what causes this similarity or difference

Indie TV James Lyons, Yannis

Tzioumakis, 2023-03-27 This edited collection is the first book to offer a wide ranging examination of the interface between

American independent film and a converged television landscape that consists of terrestrial broadcasters cable networks and streaming providers in which independent film and television intersect in complex multifaceted and creative ways The book covers the long history of continuities and connections between the two sectors as seen in the activities of PBS HBO or Sundance It considers the movement of filmmakers between indie film and TV such as Steven Soderbergh Rian Johnson the Duplass brothers Joe Swanberg Lynn Shelton and Gregg Araki details the confluence of aesthetic and thematic elements seen in shows such as Girls Breaking Bad Master of None or Glow points to a shared interest in regional sensibilities evident in shows like One Mississippi or Fargo and makes the case for documentaries and web series as significant entities in this domain Collectively the book builds a compelling picture of indie TV as a significant feature of US screen entertainment in the 21st Century This interdisciplinary landmark volume will be a go to reference for students and scholars of Television Studies Film Studies and Media Studies

Ecologies of Translation in East and South East Asia, 1600-1900 Li Guo,Patricia Sieber,Peter Kornicki,2025-10-01 This ground breaking volume on early modern inter Asian translation examines how translation from plain Chinese was situated at the nexus between on the

one hand the traditional standard of biliteracy characteristic of literary practices in the Sinographic sphere and on the other practices of translational multilingualism competence in multiple spoken languages to produce a fully localized target text. Translations from plain Chinese are shown to carve out new ecologies of translations that not only enrich our understanding of early modern translation practices across the Sinographic sphere but also demonstrate that the transregional uses of a non alphabetic graphic technology call for different models of translation theory.

Romance Market Trends Aisha Khan, AI, 2025-02-19 Romance Market Trends offers a deep dive into the business and social science behind one of the most commercially successful yet often misunderstood book genres. Examining the romance genre's financial performance, readership, and sub genre evolution, the book reveals key insights into why romance consistently dominates bestseller lists. For example, the book highlights how the genre's continuous adaptation to evolving social norms and reader expectations, such as shifting attitudes toward relationships and gender roles, directly impacts its market trends. The book takes a data-driven approach using sales statistics and reader surveys to analyze the romance market's dynamics. It explores consumer behavior and strategic decision making in the publishing industry and studies the influence of social trends on readership preferences. Beginning with foundational concepts and key metrics, the book progresses through an examination of financial performance, readership demographics, and sub genre trends to provide practical guidance for industry professionals.

One Good Thing Georgia Hunter, 2025-11-25 From the New York Times bestselling author of *We Were the Lucky Ones*, a propulsive and heart wrenching story of a young woman entrusted with a boy's life as WWII rages in Italy. 1940 Italy. Lili and Esti have been best friends since they first met at university. When Esti's son Theo is born, they become as close as sisters. While a war seethes across borders, life somehow goes on until Germany invades Italy and the friends suddenly find themselves in occupied territory. Esti, older and fiercely self-assured, convinces Lili to join the resistance efforts. But when disaster strikes, a critically wounded Esti asks Lili to take a much bigger step: To go on the run with Theo. Protect him while Esti can't. Terrified to travel on her own, Lili sets out with Theo on a harrowing journey south toward Allied territory, braving Nazi-occupied villages and bombed-out cities, doing everything she can to keep the boy safe. A remarkable tale of friendship, romance, motherhood, and survival, *One Good Thing* reminds us what is worth fighting for and that love, even amidst a world in ruins, can triumph.

Love Wars Mary Irwin, 2025-02-06 This is the first dedicated overview of the international television romantic comedy genre. Mary Irwin builds on the critical work on cinematic romantic comedy to offer a dedicated critical analysis of the romantic comedy on the small screen. Drawing on series from the 1960s to the present day, Irwin presents five themed chapters around the theme of romantic love: from searching for it and finding it to the love wars of the book's title to finding love later in life and in places you didn't expect. Chapters explore the genre's key recurrent themes: evolving attitudes to love, relationships, sex, class, and money; feminism and post feminism; changes in the nuclear family; dramatised through contrasting romantic relationships and shifting discourses of masculinity, situating them within the specific socio-historic and

cultural context in which the series are set Throughout Irwin underscores the centrality of women their friendships and their personal and professional lives and experiences to the television romantic comedy genre demonstrating that it is prominence of female characters and their interests and concerns which have most significantly affected the genre s thematic focus Crucially this thematic approach allows for explorations both of similarities in representations to be found in series decades apart and the way in which such representations ebb and flow across time Additionally the international nature of the comedies selected also makes possible comparison beyond national boundaries Penny Gothic: a romance of fictitious proportions Shelley White,2021-08-02 Gypsy magic gone awry A dubious family legacy When Penelope Darling s grandmother dies Penny inherits much more than a used bookstore With only clues from a stack of letters left by her great grandmothers Penny must find her destined true love in a book Penny needs to convince her hero he s not an actual book character while avoiding the book s determined villain But convincing her knight in shining armor might not be enough to make a happily ever after She also must decide if she s ready to fall in line with the family legacy or go with the equally tempting and totally non fictional guy next door and forget the man fated to be hers
