With this new edition you'll also gain insights into secure hosting and bug fixing and be prepared for updates. That's not all you'll build a promotional landing page, ensure store safety, contribute to the WooCommerce community and design custom plugins for your unique needs. By the end of this WooCommerce book you'll emerge with the skills to run a complete WooCommerce store and customize every aspect of the store on the frontend as well as backend. What you will learn: Grasp the fundamentals of e-commerce website development with WordPress and WooCommerce. Configure the essential payment, shipping and tax settings. Set up various product types depending on your store. Use Gutenberg product blocks to display products across various categories on your website. Develop WordPress plugins to customize your website's functionality. Use product data syncing for enhanced user experience and store performance tracking. Promote your products effectively using search engine optimization (SEO) and landing pages.

Who this book is for: This book is for web developers, WordPress developers, e-commerce consultants and anyone familiar with WordPress interested in building an e-commerce website from scratch. Working knowledge of WordPress development and general web development concepts is required.

The Future of Money Eswar S. Prasad,2021-09-28 A cutting edge look at how accelerating financial change from the end of cash to the rise of cryptocurrencies will transform economies for better and worse We think we ve seen financial innovation We bank from laptops and buy coffee with the wave of a phone But these are minor miracles compared with the dizzying experiments now underway around the globe as businesses and governments alike embrace the possibilities of new financial technologies As Eswar Prasad explains the world of finance is at the threshold of major disruption that will affect corporations bankers states and indeed all of us The transformation of money will fundamentally rewrite how ordinary people live Above all Prasad foresees the end of physical cash The driving force won t be phones or credit cards but rather central banks spurred by the emergence of cryptocurrencies to develop their own more stable digital currencies Meanwhile cryptocurrencies themselves will evolve unpredictably as global corporations like Facebook and Amazon join the game The changes will be accompanied by snowballing innovations that are reshaping finance and have already begun to revolutionize how we invest trade insure and manage risk Prasad shows how these and other changes will redefine the very concept of money unbundling its traditional functions as a unit of account medium of exchange and store of value The promise lies in greater efficiency and flexibility increased sensitivity to the needs of diverse consumers and improved market access for the unbanked The risk is instability lack of accountability and erosion of privacy A lucid visionary work The Future of Money shows how to maximize the best and guard against the worst of what is to come

Outsmart the Money Magicians: Maximize Your Net Worth by Seeing Through the Most Powerful Illusions Performed by Wall Street and the IRS Christopher R. Manske,2023-11-14 A Wall Street insider draws back the curtain on how financial firms take advantage of individual investors and delivers the information and insights you need to turn the tables Nationwide brokerage firms have perfected the secrets for how to legally fool the rest of us into giving them our hard earned money Written by a renowned leader and financial reform advocate who has seen every trick in the book firsthand Outsmart the Money Magicians reveals how biased the financial system often is and helps you see through the illusions understand exactly what is happening with your money and make investing and tax decisions accordingly You ll learn everything there is to know about how often Wall Street and the IRS rely on hard to see deceptions that encourage the public to behave a certain way including Encouraging people to save a fixed amount each month in an illusion called Pay Yourself First Hiding the profits created by dividends and rebalancing to motivate people to sell investments worth keeping Leveraging fear of the higher tax bracket to incentivize us to spend more money on government approved deductions Giving every member of their salesforce

the same advisor title even though they often have very different offerings like mortgages insurance and credit cards Forcing advisors to use their customers like products whenever they change firms Refusing to commit in writing to a service model regular people can understand and appreciate Outsmart the Money Magicians provides clear easy to understand action steps to protect your portfolio and maximize your wealth building efforts Readers will learn the 14 Questions to Ask a Financial Planner and access templates for the kinds of reports Wall Street should be providing With an example of the kinds of notes you should get after meeting your advisor and specific charts about how to look at your profit this book gives experts and beginners alike an inside view to how Wall Street should improve At a time of heightened confusion anxiety and mistrust of our financial institutions Outsmart the Money Magicians provides anyone who is concerned about their personal finances with invaluable insider insights and practices for avoiding the most common financial traps created by the IRS and Wall Street The book arms you with the information you need to see your money your advisors and your investment firms with full clarity so you can make the best possible decisions when it comes to building your portfolio
