Journal of a Dissenter

Chris Wright, 2025-01-20 This is a lengthy intellectual journal by a political radical that ranges over a variety of subjects such as Marxism, capitalism, history, many schools of modern philosophy, psychology, economics, and contemporary American politics. It also includes quite a few personal passages, but I've kept those only because they express common experiences and youthful psychological tendencies. Its most useful content for students might be its many summaries of good historical and scientific scholarship, especially in the journal's second half. Ultimately, the document is a fairly comprehensive expression of a particular society as refracted
