Violent Order Nicholai Hart Lidow, 2011 Rebel groups exhibit significant variation in their treatment of civilians with profound humanitarian consequences This dissertation proposes a new theory of rebel behavior and cohesion based on the internal dynamics of rebel groups Rebel leaders have incentives to provide security but are often unable to prevent group members from abusing civilians Leaders exert effective control over their troops when they can offer cash payments and credible future rewards to their top commanders Leaders who cannot offer these incentives allow their forces to loot locals in exchange for a minimal level of loyalty The leader s ability to offer incentives that allow local security to prevail depends on partnerships with external actors such as diaspora communities and foreign governments When these patrons have a stake in the group s success they are motivated to supply financial resources to qualified trusted leaders Other patrons have goals that conflict with those of the rebel client These patrons exert leverage over the rebels by supporting low quality leaders and withholding resources that could strengthen leader control resulting in more abusive faction prone groups The type of partnership available depends on factors beyond the group s control The dissertation formalizes this theory and tests the implications in various ways using an original cross national dataset of rebel groups 1980 2003 as well as a micro level dataset of crop area during Liberia s war derived through remote sensing The dissertation also traces the model s logic through a detailed analysis of Liberia s rebel groups based on fourteen months of fieldwork and interviews with nearly all surviving rebel leaders and top commanders who participated in Liberia s war 1989 2003

Hill,2018-07-10 It has been more than fifty years since the Civil Rights Act enshrined equality under the law for all Americans Since that time America has enjoyed an era of unprecedented prosperity domestic and international peace and technological advancement It s almost as if removing the shackles of enforced racial discrimination has liberated Americans of all races and ethnicities to become their better selves and to work toward common goals in ways that our ancestors would have envied But the dominant narrative repeated in the media and from the angry mouths of politicians and activists is the exact opposite of the reality They paint a portrait of an America rife with racial and ethnic division where minorities are mired in a poverty worse than slavery and white people stand at the top of an unfairly stacked pyramid of privilege Jason D Hill corrects the narrative in this powerfully eloquent book Dr Hill came to this country at the age of twenty from Jamaica and rather than being faced with intractable racial bigotry Hill found a land of bountiful opportunity a place where he could get a college education earn a doctorate in philosophy and eventually become a tenured professor at a top university an internationally recognized scholar and the author of several respected books in his field Throughout his experiences it wasn t a racist establishment that sought to keep him down Instead Hill recounts he faced constant naysaying from so called liberals of all races His academic colleagues did not celebrate the success of a black immigrant but chose to denigrate them because this particular black immigrant did not embrace their ideology of victimization Part memoir part exhortation to his fellow Americans and above all a paean to the American Dream and the magnificent country that makes it possible *We Have Overcome* is the most important and provocative book about race relations to be published in this century *Strong from the Heart* Jon Land,2025-08-22 Caitlin Strong wages her own personal war on drugs against the true power behind the illicit opioid trade in *Strong from the Heart*

the blistering and relentless 11th installment in Jon Land's award winning series The drug crisis hits home for fifth generation Texas Ranger Caitlin Strong when the son of her outlaw lover Cort Wesley Masters nearly dies from an opioid overdose On top of that she's dealing with the inexplicable tragedy of a small Texas town where all the residents died in a single night When Caitlin realizes that these two pursuits are intrinsically connected she finds herself following a trail that will take her to the truth behind the crisis that claimed 75 000 lives last year Just in time since the same force that has taken over the opiate trade has even more deadly intentions in mind specifically the murder of tens of millions in pursuit of their even more nefarious goals The power base she's up against comprised of politicians and Big Pharma along with corrupt doctors and drug distributors has successfully beaten back all threats in the past But they've never had to deal with the likes of Caitlin Strong before and have no idea what's in store when the guns of Texas come calling At the root of the conspiracy lies a cabal nestled within the highest corridors of power that's determined to destroy all threats posed to them Caitlin and Cort Wesley may have finally met their match finding themselves isolated and ostracized with nowhere to turn even as they strive to remain strong from the heart Caitlin Strong is my kind of gal Lisa Scottoline New York Times bestselling author At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

Where is the Justice William F. Hill, 2018-02-23 I have always felt that we have greatest country in the world It has always given me great pleasure to see honest hardworking people and who are willing to take risks to get ahead and succeed I always felt that this was that America got to be great and that we all should be working hard to help improve our own lives and the lives of others by carrying on this great American tradition As a result of being brought up with this thinking I am more than willing to go out of my way to try to help people succeed and obtain their goals To see people

succeed in their life's goals and ambitions has always been very gratifying to me and given me a good feeling. Another thing that always gives me a good feeling is to see couples doing things as a family and with their children. To me this is what life is all about and should be about. Many of this new generation of do-gooders as they are often called seem to think that everybody should live on handouts and that anyone who is successful should be cut back down and not allowed to succeed without their input as this is not fair to the less fortunate in this country. What they do not seem to realize or don't want to realize is that the people who are more successful probably do more to help the less fortunate than all the government and giveaway programs can ever hope to do. A successful person who has obtained his achievements through hard honest work is usually willing to try to help others reach similar success. A person who is successful usually lives in a little better house. Many now think that this is wrong but that person probably pays several times the property taxes of someone living in a less expensive home. This will benefit everyone as this helps to educate their children and pay for many of the local services that people demand today. If they hire people to help take care of their homes or properties they are usually paid for with after-tax dollars and this creates jobs for the people doing the work. Isn't this sharing the wealth? Most successful people help create jobs either by expanding their own business or investing in other business. I think that in order to get people off welfare and off the government rolls we need all the successful people that we can get in this country.

Conspiracy of Brothers Mick Lowe, 2013-04-30 To coincide with Random House Canada's publication of the groundbreaking book *Unrepentant* by Peter Edwards and biker Lorne Campbell, Vintage Canada updates and reissues the award-winning true crime classic that tells the complete and scandalous story in the most gut-wrenching chapter of Campbell's life. You can't read one without wanting to read the other. On the night of October 18, 1978, small-town biker Bill Matiyek was having a drink in a Port Hope bar. A gunman suddenly walked up and fired 3 bullets into his head. Members of the rival bike club Satan's Choice who were in the bar quickly vanished. Was it a cold-blooded gangland-style execution as the Crown Attorney and police would argue or the compulsive act of a single gunman? Was the trial that followed driven by persistent police work or a police frame-up? Did the bikers conspire to murder or did the law conspire to convict them? Guilt by association, unreliable eyewitness testimony, suppression of evidence, botched police procedures: call the results justice or call them revenge? The question remains: Who really killed Bill Matiyek and why?
