Microtrends Squared Mark Penn, 2019-03-26. Ten years after his New York Times bestselling book *Microtrends*, Mark Penn identifies the next wave of trends reshaping the future of business, politics and culture. Mark Penn has boldly argued that the future is not shaped by society's broad forces but by quiet changes within narrow slices of the population. Ten years ago he showed how the behavior of one small group can exert an outsized influence over the whole of America with his bestselling *Microtrends*, which highlighted dozens of tiny counterintuitive trends that have since come to fruition, from the explosion of internet dating to the recent split within the Republican Party. Today the world is in perplexing upheaval and microtrends are more influential than ever. In this environment, Penn offers a necessary perspective. *Microtrends Squared* makes sense of what is happening in the world today. Through fifty new microtrends, Penn illuminates the shifts that are coming in the next decade. He pinpoints the unseen hand behind new power relationships that have emerged as fringe voters and reactionary politics have found their revival as online influencers.

overshadow traditional media and as the gig economy continues to invade new swathes of industry He speaks to the next wave of developments coming in technology social movements and even dating Offering a clear vision of the future of business politics and culture Microtrends Squared is a must read for innovators and entrepreneurs political and business leaders and for every curious reader looking to understand the wave of the future when it is just a ripple
