How The Book of Mormon Came to Pass Lars Nielsen, 2024-04-01 Several explanations for the seemingly sudden appearance of The Book of Mormon in 1829 first published in 1830 have been put forth by both historians and apologists alike Each holds some value to its advocates while displaying obvious inconsistencies and unexplained features However significant new evidence necessitates the revision of all such authorship theories including and especially the sole authorship hypothesis that Joseph Smith Jr between the ages of twenty two and twenty three single handedly composed all the sentences in The Book of Mormon through creative writing automatic writing or inspired dictation Neoteric observations reveal deliberately hidden details in Mormonism's keystone scripture that could not have been put there by Smith What is the real story behind how the two bookending characters Nephi and Mormon got their names Where did the idea of Nephi being guided through the wilderness by a spiritually magnetic compass a curious ball having pointers spindles and writing on its sides truly come from In this book such details are called Kircherisms a new class of anachronisms in The Book of Mormon These Kircherisms have revealed a fresh set of influences an undiscovered source text and a wellspring of intriguing evidence that has never been published anywhere else With an infusion of new data this book presents a novel and distinctive exegesis as well as a mutually exclusive and collectively exhaustive framework for organizing and evaluating the merits of all prior authorship theories One mechanism in particular has emerged as the most comprehensive evidence based and satisfying explanation for how The Book of Mormon came to pass Trigger Warning This book is not written for true believing Mormons TBMs If you are a TBM and you do not yet have a robust support system outside of the Mormon church do not read

this book If you continue to read it you accept the responsibility of managing your immediate or eventual faith crisis in a way that will not result in harm to yourself or others
