Office and SharePoint 2007 User's Guide Michael Antonovich, 2008-07-06 Web sites, Collaboration, Document management, Paperless offices. We want it all in business today, but how do you achieve all of these goals? More importantly, if you work for one of the millions of small to medium sized businesses, how do you find the time and build the expertise necessary to reach these goals? Even the most powerful tool will not allow you to succeed unless you can get the majority of your staff to use it efficiently and effectively. You need a guide that demonstrates a platform small to medium sized businesses can use to reach these goals. *Office and SharePoint 2007 User's Guide: Integrating SharePoint*

Shoestring Venture Steve Monas, Richard Hooker, 2008 A Complete Guide to Starting and Growing Your Own Business On A Shoestring Budget. The Cheat Sheet for Business. For the millions who start a new business every year on the barest of resources, Shoestring Venture: The Startup Bible is like hiring a high-level consultant to deal with the bewildering maze of issues from finance to marketing to technology that all entrepreneurs face. Every business is nothing but a series of decisions which can make or break the business. You could say that if there's a science of business, it's the science of making good decisions. And every bootstrap entrepreneur faces the daunting task of making ALL the business decisions, any one of which could either doom the enterprise or catapult it to stratospheric success. That means that every entrepreneur has to quickly get up to speed on every issue their business faces. Shoestring Venture: The Startup Bible is the most exhaustive set of practical resources collected to empower entrepreneurs to make the right decisions on a limited budget, from business concept to product development to Web marketing. We call a consultant in a book: there to give considered and experienced answers to the infinite questions that come up. Shoestring Venture: The Startup Bible. All entrepreneurs, even the smallest operating on the tightest of budgets, have the opportunity to build powerful start-up organizations without ever really having to walk out the front door. Using global communications and data networks, even bootstrap entrepreneurs can staff an entire organization with every human resource and skill they need at rock-bottom prices. In short, anyone can run a virtual organization using only a desktop or laptop computer. Shoestring Venture: The Startup Bible gives bootstrap entrepreneurs all the resources they need to build truly effective startups using the magic of outsourcing and offshoring. This is the century for small business. You have the tools to build a powerful start-up organization from financing to product development to marketing without ever really having to walk
