Shadow Catcher Michael Bernard Burgan, 2015-02-01 At the turn of the 20th century, photographer Edward S. Curtis devoted his life to learning all he could about American Indians and sharing it with the world. He took his first photo of an American Indian in 1895 and for the next 30 years he traveled the West and north to Alaska to chronicle traditional native culture. The result was a magnificent and controversial 20-volume project, *The North American Indian*. While some scholars and American Indians found fault with the work, Curtis published many others greatly appreciated it. His grand endeavor was nearly forgotten when he died in 1952, but Curtis' rediscovered photographs are now recognized as treasures that will live forever. *Encyclopedia of Women's History in America* Kathryn Cullen-DuPont, 2014-05-14 A collection of biographical information about outstanding women in American history. **The Golden Spike** Don Nardo, 2015-02-01 In the mid 1860s, as the Union Pacific Railroad headed westward from Nebraska, another company, the Central Pacific, pushed eastward from California. Their goal was to meet somewhere in between, forming a single railway line that would bridge the continent. That historic meeting took place in May 1869 in northern Utah, and photographer Andrew J. Russell was there to document the historic event. His work resulted in one of the most important photos of the 19th century and probably the most famous railroad image of all time. The photo, often called *East and West*, was viewed by a worldwide audience and affirmed that railroads were at the cutting edge of transportation technology. The continent was now linked. *Rise of Photojournalism* Mia Collins, AI, 2025-02-26 *Rise of Photojournalism* explores the compelling history of photography's influence on journalism and its profound effects on society. Beginning with the First Battle of Bull Run in 1861 and continuing through the entire Civil War, Brady and his employees chronicled the long, bloody conflict, bringing images of war directly to the people. Brady knew the photos would create valuable historical records for later generations. More than any other photographer of his generation, Brady
