Overcoming Empire Darrin Drda, 2015-04-21 The Occupy movement may have been relatively short lived yet it succeeded in igniting a flame of hope in the hearts of millions of dispirited and debt ridden Americans and in sparking a long overdue conversation about the widening chasm between rich and poor between the lofty rhetoric of democracy equality and justice on one hand and the harsh realities of political corruption corporate hegemony and Wall Street organized crime on the other Overcoming Empire continues the discussion drawing on history psychology and spirituality to argue that the Military Industrial Media Complex as a manifestation of humanity's darker impulses to dominate and control is fundamentally incompatible with democratic ideals and inherently destructive to life itself This Empire Machine running on a one word program of more is both addict and pusher dealing in quick fixes and empty promises while thwarting true happiness by creating artificial scarcity breeding competition and sowing distrust and fear To break the vicious ecocidal and suicidal cycle we the people must stage an intervention a nonviolent revolution by tapping into the greater powers of Nature of compassion and of a genuine living democracy *The History of the Consulate and the Empire of Napoleon* Adolphe Thiers, 1876
