Outrageous Market Predictions 2014 Andrew Baxter, Matthew Brown, 2014-01-01 Australian Investment Education

Outrageous Market Predictions for 2014 Over the course of the year we add a variety of topics to our article banks Typically this provides us 20 plus areas to consider and then we drop this list down into the dirty dozen These are the key markets or instruments we trade plus a couple of additional mainstream interest pieces like Bitcoin Facebook and so on One of the big competitive advantages we have over most traders is our own in house team of analysts and sales traders so a couple of chats and lunches with the guys often reveals some absolute gems in terms of core trading points and views This year the 12 areas we are looking at in Outrageous Predictions 2014 are as follows Facebook The World s leading social media company has flexed its muscles this year Breaking the stigma of its listing and languishing share price China The outlook for China and its rampant economic growth has been the source of much controversy amongst market participants traders research analysts and just about anyone else out there Exchange Traded Funds ETFs have been a massive growth area for traders and investors who are looking to isolate or invest in particular scenarios and opportunities The Australian Banking Sector 2013 has been all about finding yield and as a result the Aussie Big Four banking stocks have been major beneficiaries of their dividend policy US Economy The world s largest economy forms the mainstay of any economic forecast and outlook for markets QE is its 85bn a month habit how is this working for the US what is in store for the new year and where will we be looking to bank profits Australian Economy Our domestic economy has shown several colours in 2013 from doom and despair to opportunity and profit There have been a variety of factors behind this and several which will carry into 2014 Australian and US dollars The relationship between this pair is critical from a trade and traders perspective With the big variation to date in economic activity and interest rate cycles setting the current framework it looks increasingly likely that the tide is about to turn Apple There is no question that Apple s business is changing it had to With change always comes risk and always comes opportunity Crude Oil We try our best to find alternatives but it is almost impossible to live without it Oil has been one of the most interesting markets this year BHP Billiton Iron ore isn t exciting its not pretty its not cutting edge but it is the backbone of what has been propping up the Aussie economy Gold In terms of price gold really has had a year to forget As the saying goes the past is history the future a mystery and the present is a gift Bitcoin No 2014 outlook would be complete without a look at Bitcoin doubter or believer what is the story with this overnight phenomena marketing hype or commercial success
