You: For Sale Stuart Sumner, 2015-08-20 Everything we do online and increasingly in the real world is tracked logged analyzed and often packaged and sold on to the highest bidder Every time you visit a website use a credit card drive on the freeway or go past a CCTV camera you are logged and tracked Every day billions of people choose to share their details on social media which are then sold to advertisers The Edward Snowden revelations that governments including those of the US and UK have been snooping on their citizens have rocked the world But nobody seems to realize that this has already been

happening for years with firms such as Google capturing everything you type into a browser and selling it to the highest bidder Apps take information about where you go and your contact book details harvest them and sell them on and people just click the EULA without caring No one is revealing the dirty secret that is the tech firms harvesting customers personal data and selling it for vast profits and people are totally unaware of the dangers You For Sale is for anyone who is concerned about what corporate and government invasion of privacy means now and down the road The book sets the scene by spelling out exactly what most users of the Internet and smart phones are exposing themselves to via commonly used sites and apps such as facebook and Google and then tells you what you can do to protect yourself The book also covers legal and government issues as well as future trends With interviews of leading security experts black market data traders law enforcement and privacy groups You For Sale will help you view your personal data in a new light and understand both its value and its danger Provides a clear picture of how companies and governments harvest and use personal data every time someone logs on Describes exactly what these firms do with the data once they have it and what you can do to stop it Learn about the dangers of unwittingly releasing private data to tech firms including interviews with top security experts black market data traders law enforcement and privacy groups Understand the legal information and future trends that make this one of the most important issues today *Understanding Logic Locking* Kimia Zamiri Azar,Hadi Mardani Kamali,Farimah Farahmandi,Mark Tehranipoor,2023-09-22 This book demonstrates the breadth and depth of IP protection through logic locking considering both attacker adversary and defender designer perspectives The authors draw a semi chronological picture of the evolution of logic locking during the last decade gathering and describing all the DO s and DON Ts in this approach They describe simple to follow scenarios and guide readers to navigate identify threat models and design evaluation flow for further studies Readers will gain a comprehensive understanding of all fundamentals of logic locking

Strategic Management Jeffrey H. Dyer,Paul C. Godfrey,Robert J. Jensen,David J. Bryce,2023 Strategic Management delivers an insightful clear concise introduction to strategy management concepts and links these concepts to the skills and knowledge students need to be successful in the professional world Written in an accessible Harvard Business Review style with lots of practical examples and strategy tools the book engages students with an easy to understand learning experience to strategic management concepts This International Adaptation sparks ideas fuels creative thinking and discussion while engaging students via contemporary examples outstanding author produced cases and much more Every chapter now includes new questions to help readers test their understanding of the subject There are also new Mini Cases and Strategy in Practice vignettes that are contemporary and more relevant to the global scenario **Tim Cook** Leander Kahney,2019-04-16 Journalist Leander Kahney reveals how CEO Tim Cook has led Apple to astronomical success after the death of Steve Jobs in 2011 The death of Steve Jobs left a gaping void at one of the most innovative companies of all time Jobs wasn't merely Apple's iconic founder and CEO he was the living embodiment of a global megabrand It was hard to imagine

that anyone could fill his shoes especially not Tim Cook the intensely private executive who many thought of as Apple's operations drone But seven years later as journalist Leander Kahney reveals in this definitive book things at Apple couldn't be better Its stock has nearly tripled making it the world's first trillion dollar company Under Cook's principled leadership Apple is pushing hard into renewable energy labor and environmentally friendly supply chains user privacy and highly recyclable products From the massive growth of the iPhone to lesser known victories like the Apple Watch Cook is leading Apple to a new era of success Drawing on access with several Apple insiders Kahney tells the inspiring story of how one man attempted to replace someone irreplaceable and through strong humane leadership supply chain savvy and a commitment to his values succeeded more than anyone had thought possible
