Creativity and Innovation in the Fashion Business Helen Goworek, Fiona Bailey, 2024-10-11 Creativity and Innovation in the Fashion Business explores the ways in which creativity and innovation play a central role across the fashion industry, paying particular attention to design and technical perspectives. This topic is examined through careful theoretical analysis incorporating the perspectives of multiple contributors who together possess a wealth of combined experience in creative and technical roles in the fashion business. Broad in scope, this textbook first provides a wide overview of creativity and innovative developments across the industry before considering technical and digital innovation in production and product development as well as trend forecasting. The final part of the book then consists of an exploration of sustainable innovation in design for fashion brands and retailers. Each chapter includes aims and summaries to structure learning and highlight key points, academic insights from thought leaders, and interviews from industry and academia. A vital introductory textbook, *Creativity and Innovation in the Fashion Industry* is well suited to undergraduate and postgraduate modules across subjects such as Fashion Business, Fashion Design and Manufacturing, Product Development, Innovation Management, and Buying and Merchandising. Online resources include PowerPoint slides and a test bank.

Innovative Trends Shaping Food Marketing and Consumption Hussain, Zahid, Albattat, Ahmad, Fakir, Fatima Zahra, Yi, Zhao, 2025-01-23 The food industry has recently witnessed large strides in food marketing innovation driven by evolving consumer preferences, technological advancements, and a focus on sustainability. As health-conscious and environmentally aware consumers demand more from brands, food marketing and consumption are being reshaped by trends like personalized nutrition, plant-based alternatives, and digital engagement through social media and e-commerce platforms. The rise of data-driven insights enables brands to customize their marketing messages, while the growing emphasis on transparency encourages companies to rethink their branding and packaging. Further exploration into these innovations will transform how food is marketed, produced, consumed, and experienced. *Innovative Trends Shaping Food Marketing and Consumption* examines the sociocultural, economic, and symbolic factors that craft consumer's food experiences and wellbeing. It explores the transformative practices redefining global food marketing and consumption patterns. This book covers topics such as digital technology, social media, and waste management and is a useful resource for business owners, marketers, economists, academicians, scientists, and researchers.
