Focusing on adult patrons ages 19 through senior citizens, this book explains how libraries can best serve this portion of their community's population at different life stages and foster experiences that are worth the trip, whether actual or virtual. This guide's unique approach simplifies the processes of designing and carrying out a successful adult services program for adult library users in all the various stages of life. The book is organized by age groups with the respective information needs and life challenges. Each chapter suggests programs, services, and collection development strategies for the life stages.
