Comentario Temático sobre el Corán (A Thematic Commentary on the Quran) Shaykh Muhammad al-Ghazali

,2014-01-01 Muslims are enjoined along with the rest of humanity to read the two great Books of Revelation and Creation i.e. the Qur'an and the natural world Reading one without the other will result in an imbalance detrimental to the existence and prosperity of humankind on earth indeed to the divine purpose in the cosmos A Thematic Commentary by the late Shaykh al Ghazali is a significant contribution to the first reading i.e. that of the Qur'an the repository of divine truth and enlightenment Already of course there is a wealth an abundance of exegetical work on the Qur'an But while early scholars endeavored to elucidate many linguistic historical and miraculous aspects of the sacred and challenging text al Ghazali's contribution is somewhat unique and modern in the sense that it focuses on the organic unity of each surah chapter highlighting the logic or inherent reasoning that courses through the surah and unifies its various components and images No exegesis is by itself sufficient for a full understanding of the Qur'an But this work is an indispensable companion in the quest for a better comprehension of and a closer affinity with the sacred text **A pronouncing dictionary of the Spanish and English**
