Oracle Apex 5 Tutorial:

Oracle APEX und Oracle XE in der Praxis Dietmar Aust, Denes Kubicek, Jens-Christian Pokolm, 2010 *Proceedings of Eighth International Congress on Information and Communication Technology* Xin-She Yang, R. Simon Sherratt, Nilanjan Dey, Amit Joshi, 2023-07-29 This book gathers selected high quality research papers presented at the Eighth International Congress on Information and Communication Technology held at Brunel University London on 20-23 February 2023. It discusses emerging topics pertaining to information and communication technology (ICT) for managerial applications, e-governance, e-agriculture, e-education and computing technologies, the Internet of Things (IoT) and e-mining. Written by respected experts and researchers working on ICT, the book offers a valuable asset for young researchers involved in advanced studies. The work is presented in four volumes.

Oracle APEX Cookbook Marcel Van Der Plas, Michel Van Zoest, 2013-10-25 As a Cookbook, this book enables you to create APEX web applications and to implement features with immediately usable recipes that unleash the powerful functionality of Oracle APEX 4.2. Each recipe is presented as a separate standalone entity and the reading of other prior recipes is not required. It can be seen as a reference and a practical guide to APEX development. This book is aimed both at developers new to the APEX environment and at intermediate developers. More advanced developers will also gain from the information at hand. If you are new to APEX, you will find recipes to start development and if you are an experienced user, you will find ways to improve your productivity and efficiency and make the most of APEX to enhance your applications. A little knowledge of PL/SQL, HTML and JavaScript is assumed.

Expert Oracle Application Express Doug Gault, Dimitri Gielis, Martin DSouza, Roel Hartman, Raj Mattamal, Sharon Kennedy, Denes Kubicek, Michael Hichwa, Dan McGhan, John Scott, Anton Nielsen, Francis Mignault, Jorge Rimblas, Nick Buytaert, Karen Cannell, David Peake, Christoph Ruepprich, Tom Petrus, 2015-08-20 Expert Oracle Application Express 2nd Edition is newly updated for APEX 5.0 and brings deep insight from some of the best APEX practitioners in the field today. You will learn about important features in APEX 5.0 and how those can be applied to make your development work easier and with greater impact on your business. Oracle Application Express (APEX) is an entirely web-based development framework that is built into every edition of Oracle Database. The framework rests upon Oracle's powerful PL/SQL language, enabling power users and developers to rapidly develop applications that easily scale to hundreds even thousands of concurrent users. APEX has seen meteoric growth and is becoming the tool of choice for ad hoc application development in the enterprise. The many authors of Expert Oracle Application Express 2nd Edition build their careers around APEX. They know what it takes to make the product sing: developing secure applications that can be deployed globally to users inside and outside a large enterprise. The authors come together in this book to share some of their deepest and most powerful insights into solving the difficult problems surrounding globalization, configuration and lifecycle management and more. New in this edition for APEX 5.0 is coverage of Oracle REST Data Services, map integration, jQuery with APEX and the new Page Designer. You will learn about debugging and

performance deep secrets to customizing your application user interface how to secure applications from intrusion and about deploying globally in multiple languages Expert Oracle Application Express 2nd Edition is truly a book that will move you and your skillset a big step towards the apex of Application Express development Contains all new content on Oracle REST Data Services jQuery in APEX and map integration Addresses globalization and other concerns of enterprise level development Shows how to customize APEX for your own application needs *Beginning Oracle Application Express 5* Doug Gault,2015-12-30 Whether you re new to Oracle or an old hand who has yet to test the waters of APEX Beginning Oracle Application Express 5 introduces the processes and best practices you ll need to become proficient with APEX The book shows off the programming environment the utilities and tools available and then continues by walking through the process of building a working system from the ground up All code is documented and explained so that those new to the languages will not be lost After reading this book power users and programmers alike can quickly put together robust and scalable applications for use by one person by a department by an entire company Beginning Oracle Application Express 5 introduces version 5 of the popular and productive Oracle Application Express development platform Called APEX for short the platform enables rapid and easy development of web based applications that make full use of Oracle Database The release of APEX 5 brings major new changes to the page builder an enhanced universal theme better RESTful web services support enhanced application packaging and the many redesigned wizards give a new and fresh feel to the user interface Covers brand new functionality in APEX 5 Provides fully documented and explained example code Guides you through creating a working and fully deployable application *Pro Oracle Application Express 4* Tim Fox,Scott Spendolini,John Scott,2011-11-28 Pro Oracle Application Express 4 is your key to mastering one of the most innovative products to come out of Oracle in years Application Express termed APEX for short is fast becoming one of the easiest and most widely used of tools for creating enterprise level applications that run against an Oracle database APEX is easy enough for power users to create ad hoc applications atop something more reliable than a spreadsheet Yet APEX is powerful and extensible enough to enable fully scalable enterprise level applications that are accessed by thousands of users Authors Tim Fox John Scott and Scott Spendolini take you to the professional level in developing for Application Express They show how to handle user authentication in enterprise environments and how to extend APEX by writing components based upon Oracle s new plug in architecture You ll learn to deal with localization issues such as time zones and translations and to customize the look and feel of an APEX website to blend in with your corporate branding strategy The authors also cover web service development performance and scalability and the production issues that you encounter in enterprise level deployments Many years of experience in solving the hard problems are coalesced in this book to help you the reader take advantage of all that APEX has to offer Focuses on high end enterprise level development Covers new features such as plug ins and Websheets Introduces the new interface released with APEX 4 0 **Expert Oracle Application Express** John Scott,Doug Gault,Raj Mattamal,Anton Nielsen,Martin

DSouza,Dimitri Gielis,Roel Hartman,Francis Mignault,Dietmar Aust,Michael Hichwa,Denes Kubicek,Dan McGhan,Sharon Kennedy,2011-08-04 Expert Oracle Application Express brings you groundbreaking insights into developing with Oracle's enterprise level rapid development tool from some of the best practitioners in the field today Oracle Application Express APEX is an entirely web based development framework that is built into every edition of Oracle Database The framework rests upon Oracle's powerful PL SQL language enabling power users and developers to rapidly develop applications that easily scale to hundreds even thousands of concurrent users The 13 authors of Expert Oracle Application Express build their careers around APEX They know what it takes to make the product sing developing secure applications that can be deployed globally to users inside and outside a large enterprise The authors come together in this book to share some of their deepest and most powerful insights into solving the difficult problems surrounding scalability globalization configuration and lifecycle management and more You'll learn about debugging and performance deep secrets to customizing your application user interface how to secure applications from intrusion and about deploying globally in multiple languages Expert Oracle Application Express is truly a book that will move you and your skillset a big step towards the apex of Application Express development Presents best practices and development insights from leading experts in the field Addresses globalization scalability security and other concerns of enterprise level development Shows how to customize APEX for your own application needs

OCA: Oracle Database 12c Administrator Certified Associate Study Guide Biju

Thomas,2014-05-02 An all in one study guide prepares you for the updated Oracle Certified Associate certification It's been nearly six years since Oracle updated its cornerstone database software making the demand for a comprehensive study guide for the OCA 12c certification a top priority This resource answers that demand Packed with invaluable insight chapter review questions bonus practice exams hundreds of electronic flashcards and a searchable glossary of terms this study guide prepares you for the challenging Oracle certification exams Provides you with a solid understanding of restricting and sorting data Walks you through using conversion functions and conditional expressions Addresses displaying data from multiple tables manipulating data database maintenance and database backups and recovery Explores the Oracle database architecture and discusses preparing the database environment creating an Oracle database and managing the Oracle instance Focuses on administering and implementing user security This must have study guide thoroughly prepares you to take the dramatically updated Oracle 12c OCA exams

Modelling and Development of Intelligent Systems Dana Simian,Laura Florentina Stoica,2021-02-12 This volume constitutes the refereed proceedings of the 7th International Conference on Modelling and Development of Intelligent Systems MDIS 2020 held in Sibiu Romania in October 2020 Due to the COVID 19 pandemic the conference was held online The 25 revised full papers presented in the volume were carefully reviewed and selected from 57 submissions The papers are organized in topical sections on evolutionary computing intelligent systems for decision support machine learning mathematical models for development of intelligent systems

Expert Oracle Application Express Security

Scott Spendolini, 2013-06-28 Expert Oracle Application Express Security covers all facets of security related to Oracle Application Express APEX development From basic settings that can enhance security to preventing SQL Injection and Cross Site Scripting attacks Expert Oracle Application Express Security shows how to secure your APEX applications and defend them from intrusion Security is a process not an event Expert Oracle Application Express Security is written with that theme in mind Scott Spendolini one of the original creators of the product offers not only examples of security best practices but also provides step by step instructions on how to implement the recommendations presented A must read for even the most experienced APEX developer Expert Oracle Application Express Security can help your organization ensure their APEX applications are as secure as they can be

Beginning Oracle Application Express Rick Greenwald, 2011-03-16 This book shows you how to master Application Express to build effective web based Oracle database applications The author provides hands on step by step guidance on the complete development process through creating customizing and extending the application In addition to presenting how to build a simple application this guide also details reporting and charting themes and templates and security Additionally it demonstrates how to use packaged applications and how to work with multiple applications Data migration and integration with the Oracle environment is also discussed

Membangun Aplikasi Peminjaman Jurnal Menggunakan Aplikasi Oracle Apex Online Syafrial Fachri Pane, Mochamad Zamzam, Muhamad Diar Fadillah, 2020-03-19 Buku ini menjelaskan tentang tahapan pembuatan Aplikasi Peminjaman Jurnal Menggunakan Aplikasi Oracle Apex Online Dimana tahap demi tahap akan dijelaskan secara rinci dan mudah di pahami pada buku ini

Oracle Application Express 5.1 Basics and Beyond Riaz Ahmed, 2017-01-17 You will find stuff about workspace application page and so on in every APEX book But this book is unique because the information it contains is not available anywhere else Unlike other books it adopts a stimulating approach to reveal almost every feature necessary for the beginners of Oracle APEX and also takes them beyond the basics As a technology enthusiast I write on a variety of new technologies but writing books on Oracle Application Express is my passion The blood pumping comments I get from my readers on Amazon and in my inbox are the main forces that motivate me to write a book whenever a new version of Oracle APEX is launched This is my fifth book on Oracle APEX and the best so far written after discovering the latest 5.1 version As usual I'm sharing my personal learning experience through this book to expose this unique rapid web application development platform In Oracle Application Express you can build robust web applications The new version is launched with some more prolific tools to maximize developers productivity Once again I've left out the boring bits and have adopted the same practical inspirational approach that has exposed the anatomy of Oracle Application Express to thousands of beginners in the past The most convincing way to explore a technology is to apply it to a real world problem In this book you'll develop a sales web application that not only reveals the anatomy of Oracle Application Express but at the same time provides hands on

techniques that build a solid foundation for you to become a web developer Since there are lots of changes in the new version all content has been revised to slot in these changes including the features new to version 5.1 The short list below summarizes the features of Oracle APEX 5.1 covered in this book Hands on exposure to the new features such as Interactive Grid Oracle JET Charts the new declarative Master Detail capabilities dozens of new properties and new development procedures Teaches how to rapidly develop data centric web application for desktops laptops tablets and latest smartphones Produce highly formatted PDF reports including invoices grouped reports and pivot tables not covered in any other APEX book Design and implement a comprehensive custom security module unique to this book Step by step instructions to create mobile version of the application using existing desktop application pages not covered in any other beginner's guide This is a concise yet a concrete book on Oracle Application Express written for those who want to become web application developers The sticky inspirational approach adopted in this book not only exposes the technology but also draws you in and keeps your interest up till the last exercise I'm grateful to all my readers whose helpful feedback enabled me to further polish my work in this edition Special offer For those who are new to SQL or those who want to strengthen their SQL knowledge I'm providing my e book SQL The Shortest Route For beginners with this book for FREE

**Oracle Application Express:
Build Powerful Data-Centric Web Apps with APEX** Arie Geller, Brian Spendolini, 2017-05-05 Develop Robust Modern Web Applications with Oracle Application Express Covers APEX 5.1 Easily create data reliant web applications that are reliable scalable dynamic responsive and secure using the detailed information contained in this Oracle Press guide Oracle Application Express APEX Build Powerful Data Centric Web Apps with APEX features step by step application development techniques real world coding examples and best practices You will find out how to work with the App Builder and Page Designer use APEX themes responsive and mobile included templates and wizards and design and deploy custom web apps New and updated features in APEX 5.0.5.1 are thoroughly covered and explained Understand APEX concepts and programming fundamentals Plan and control the development cycle using HLD techniques Use APEX themes and templates including Universal Theme Use APEX wizards to rapidly build forms and reports on database tables Build modern dynamic and interactive user interface using the Page Designer Increase user experience using Dynamic Actions Ajax included Build and utilize the new APEX 5.1 Interactive Grid Implement App Logic with APEX computations validations and processes Use automatic built in and manual DML to manipulate your data Handle security at browser application and database levels Successfully deploy the developed APEX apps

Agile Oracle Application Express Patrick Cimolini, Karen Cannell, 2012-06-12 Agile Oracle Application Express shows how skilled motivated and self organizing developers can realize extraordinary commercial benefits from Oracle Application Express The secret is to couple Application Express with an agile software development approach This book leads the way Oracle Application Express is well suited to agile processes with its support for rapid prototyping and team development Application Express supports a gamut of enabling technologies such as

SQL HTML CSS JavaScript and more that enable you to deliver any type of web application to meet your development needs Agile Oracle Application Express helps you take the feature set of Application Express and marry it with the processes of agile development to iteratively design create and deliver quality applications on time and within budget

Oracle Application Express by Design Patrick Cimolini, 2017-11-01 Learn the many design decisions that must be made before starting to build a large Oracle Application Express APEX application for the cloud or enterprise One of APEX's key strengths is the fact that it is a Rapid Application Development RAD tool This is also a major weakness when it tempts developers to start coding too soon Small applications that consist of tens of pages can be coded without a lot of design work because they can be re factored quickly when design flaws are discovered Design flaws in large cloud and enterprise applications that consist of hundreds or thousands of pages are not so easy to re factor due to the time needed to redevelop and retest the application not to mention the risk of breaking functionality in subtle ways Designing a large application before coding starts is a profitable exercise because a thoughtful design goes a long way in mitigating cost overruns and schedule slippage while simultaneously enhancing quality This book takes into account perspectives from other non developer stakeholders such as maintenance developers business analysts testers technical writers end users and business owners Overlooking these perspectives is one of the chief causes of expensive rework late in the development cycle Oracle Application Express by Design illustrates APEX design principles by using architecture diagrams screen shots and explicit code snippets to guide developers through the many design choices and complex interrelationship issues that must be evaluated before embarking on large APEX projects This book Guides you through important up front APEX design decisions Helps you to optimize your design by keeping all stakeholders in mind Explicit code examples show how design impacts cost schedule and quality What You Will Learn Pick and choose from the list of designs before coding begins Bake optimal quality into the underlying fabric of an APEX application Think and design from outside the developer's narrow perspective Optimize APEX application designs to satisfy multiple stakeholder groups Evaluate design options through hands on explicit code examples Define and measure success for large cloud and enterprise APEX applications Who This Book Is For APEX developers and development teams
