Oracle E-Business Suite R12. 1 Inventory Essentials N. S. Thind, Jerome J., 2014-09-30 The Oracle E Business Suite 12 Supply Chain Certified Implementation Specialist Oracle Inventory certification indicates a functional foundation in E Business Essentials including skills such as how to access and navigate within the R12 E Business Suite how to enter data retrieve information in the form of a query and access online help Through preparation for the exam you will also gain a basic understanding of the features functions and benefits of Oracle Inventory You will be able to add items enable lot control enable serial control enable dual unit of measure control perform inventory transfers perform inventory replenishment perform a cycle view on hand quantities create reservations and setup material statuses Clearing the Certification will not automatically lead you to a job However a Certification with some project experience will certainly open a lot of doors for you The consultants who will benefit the most from a certification are the ones with typically less than 2 year's project experience This is not to say that consultants with higher experience will not benefit but at that level having a certification matters much less So if you have little or no Oracle Inventory experience you should get yourself certified get some project experience and then the whole of the Oracle applications World is open for you to explore Helping you with the first step on your ladder to success is this book
