Sustaining a Healthy Ministerial Workplace Sutton, Barbara, Klimoski, Victor, This book focuses on eight critical elements of a healthy ministerial workplace illustrated by stories and theological reflection of eight experienced lay ecclesial ministers The book includes a model for using the stories for professional development and an assessment tool for examining the reader's workplace Together they offer a pathway for effective positive and sustainable change It is often easier to describe the problem than figure out what to do about it This book does both It emerges from the research of Dr Barbara Sutton on burnout in ministry She was surprised to learn that burnout was not the issue but disengagement and disengagement was the byproduct of unhealthy workplaces The authors invited eight experienced ministers to develop stories from their work that illustrated the elements of a healthy workplace community values vocation fairness workload control reward and financial well being While the stories themselves often recount moments of heartbreak familiar to ministers they provide theological interpretation that returns the emphasis

to the transformative power of each element

The Routledge Companion to International Management Education

Denise Tsang, Hamid H. Kazeroony, Guy Ellis, 2013-06-19 Crises and scandals in the world of international management have brought a new spotlight onto how the subject is taught, studied and understood. There has been a plethora of literature on international management, but a lack of focus on how international management education (IME) can be shaped to respond to existing and future global business challenges. The Routledge Companion to International Management Education gathers together contributors from academia, industry and university administration involved in IME to introduce the domain of IME, describe the emerging state in new geographical areas, discuss the major issues and debates revolving around IME, explore the linkage of technology and international management and shed light on the future of IME. The diverse background of the contributors provides a global perspective that challenges the dominant Anglo-American view with up-to-date specific insights originating from their indigenous viewpoints which has often been neglected and inadequately covered. The volume answers important questions such as: Do we need a vision in IME? What is the current state of IME? How has IME grown in emerging market segments? What roles does technology play in its recent development? The volume provides thought-provoking reading for educators, administrators, policy makers, human resources professionals and researchers. It will also give future international management students a glimpse of IME from a global inside-out perspective.

Leadership Business Challenges Through Adaptive Strategies Yohana F. Cahya Palupi Meilani, Dewi Sri Surya Wuisan, 2025-03-01 Every leader in business organization wants continuity and sustainability of their organization. The way a business organization can have sustainability is to adapt to change. Leaders of business organizations should implement adaptation management for various reasons, all of which aim to ensure continuity, growth and success in a dynamic environment. Adaptation management in a business organization involves strategies and actions of leaders designed to help the business organization respond to and take advantage of changes in its external or internal environment. This process must be continuous and requires a deep understanding of the business environment, the ability to predict change and the flexibility to adjust operations and strategies effectively. This book is an important part of human resource management and organization that provides adaptive management guidance for business organizations that not only focus on profit, products, people, processes but especially focus on organizational sustainability. The role of transformational leaders is also important in making adaptive management for business organizations.

Sustainability of Blended Language Learning Programs Cynthia Nicholas Palikat, Paul Gruba, 2021-11-23 This book focuses on the investigation of the sustainability of technology integration in the context of language programs and is based on an 18-month longitudinal study of a blended EAP English for Academic Purposes language program situated within a university pathways course. The integration of technology into language teaching and learning in academic English programs often demands substantial investment in professional development, curriculum change and technological resources.
