Organizational Behavior & Management in Phil.orgанизations' 2006 Ed. C. Zarate, 2006 *Customer Selection* Oliver Lonicer, 2002-01-11 Inhaltsangabe Abstract In the real world all customers are not created equal This allusion to the Declaration of Independence captures a recent realisation of many companies different customers represent different values to a company In fact many companies are discovering that a large percentage of their customers are generating losses XY Insurance is among those companies that recently discovered a considerable portion of unprofitable customers in their current book of business This was identified as a major problem especially considering the fact that the company is converting to a publicly traded stock company Given the necessity to produce shareholder value senior management realised that it would be indispensable to ensure the profitability of its accounts One of the factors underlying this problem at XY is the lack of a screening process to ensure the selection of customers with whom a profitable relationship can be built To address this need XY's senior management decided that it would be necessary to develop a tool that enables the sales staff to evaluate customers and ultimately to select customers based on this assessment The objective of this study is the development of a screening tool which can be used as a basis for the selection of XY's customers in the company's large case segment The development of the tool is limited to one of the company's segments because the customers as well as the products differ greatly by segment The tool should enable the company to assess their clients individually and classify each of them as attractive or unattractive so that proper strategies can be applied The strategy development lies outside of the confines of this study and is therefore not discussed in this paper I will however indicate starting points and some important issues when designing these strategies In addition considerations in conjunction with the implementation and introduction process as well as avenues for further research are addressed where appropriate While the initial idea behind the development of the screening tool was to design a mechanism that would allow for the assessment of all of XY's customers existing and prospective it became apparent that this would not be feasible Separate tools for both stages are needed As a

result it was decided that a model outlining the needed criteria would be developed and based on this a screening tool for prospective clients would be built The *Human Resource Management - An Update* Ana Alice Vilas Boas,2024-03-20 Human Resource Management An Update deals with the major theoretical and practical issues of managing people in different kinds of businesses in different countries around the world Chapters address such topics as theoretical bases for human resource management in the new work age performance management and organizational management leadership and job analysis diversity work life balance and sexual harassment among others *Strategic Thinking and Insights* Teck Choon TEO,Kim Cheng Patrick LOW,2017-11-16 It is not just a book on Singapore companies and strategic thinking and insights but rather one that is applicable to anyone anywhere in any country The future is really in your hands it is up to you And indeed individuals must succeed getting ahead and companies must become or emulate to be excellent organizations The book tells you the answers to these questions What is adversarial thinking What is strategic thinking How do you set personal goals Why is goal setting so critical **Leadership for Health Professionals** Ledlow,James H. Stephens,2017-02-10 Leadership for Health Professionals Third Edition is the first textbook of its kind to apply classical knowledge of leadership theory and time honored best practices of industry leaders to a health organization context This comprehensive and well organized text is grounded in real world applications of theoretical concepts and focuses on practical examples of leadership in actual healthcare scenarios **Organizational Behavior in Sport Management** MacIntosh, Eric W.,Burton, Laura,2018-05-31 Organizational Behavior in Sport Management provides numerous real life examples from organizations and immerses students in the key behavioral issues that those in sport organizations face today The text comes with an instructor guide that offers many useful tools to help instructors enhance students learning Positive Leadership for Flourishing Schools Keith D. Walker,Benjamin Kutsyruba,Sabre Cherkowski,2021-02-01 Most educators will agree that they would love to see each student and staff member in schools flourish Furthermore it would be great to see entire communities experience the transformative power of circumstances that feature happy and vibrant learning However what does it mean to experience flourishing in schools What is the role of positive leadership in this process What can we learn from inquiring into the positive emotional and social aspects of the work of school leaders Building on our research on flourishing in schools this book highlights the stories and perspectives of educators and school leaders at all levels of the school system and demonstrate the intricacies of how positive leadership contributes to well being in schools and encourages flourishing in these schools This book aligns with a growing shift in psychology and organizational studies to frame research using phenomena and constructs such as resilience compassion hope efficacy self determination and meaningfulness at work and in other areas of life Research findings from the disciplines of both positive psychology and positive organization studies bring these positive research intelligences into the field of education to study what works in school leadership practices what goes well what supports growth and what brings vitality to people in school organizations Research in positive psychology

contends that attending to the strengths positive outlooks habits and mental models as opposed to a deficit oriented perspective is beneficial to increasing subjective wellbeing by increasing resilience vitality and happiness and decreasing stress anxiety and depression How we imagine leading teaching and learning in schools are implicated in these understandings and help us to contemplate the benefits of focus positive leadership in school organizations Powerful insights into human inquiry and positive psychology are gained through qualitative study and most of the chapters of this book are grounded in such research Importantly chapters in this book provide a varied repertoire of answers to the question that underpins this shift in research toward a positive organizational perspective How does positive leadership leverage what works well to instill in each community member a sense of their value and capacity to contribute encourage wellbeing for all and create school contexts of flourishing This edited collection provides many examples invitations and inspiration for readers to notice in their own contexts in ways that encourage them to shift and grow through moving toward appreciative strengths based positive approaches to teaching learning and especially leading in all school contexts
