Wohlfahrtsstaat, Einwanderung und ethnische Minderheiten Andreas Treichler, 2013-07-02 Für Einwanderungsgesellschaften ergeben sich aus der Zuwanderung und dem Daueraufenthalt ethnischer Minderheiten vielfältige Entwicklungschancen und Herausforderungen Die Integration der Einwanderungsbevölkerungen ist in vielen Ländern Europas wie auch speziell der Bundesrepublik Deutschland nur partiell erfolgt Eine überzeugende Integrationspolitik ist ebenso notwendig wie die sozialwissenschaftliche Verständigung über ihre Leistungsmöglichkeiten und Grenzen Dem unter Finanzierungs- und Legitimationsdruck stehenden Wohlfahrtsstaat kommt in diesem Zusammenhang eine besondere Bedeutung zu Ist der national konstituierte Wohlfahrtsstaat geeignet auf transnationale Migrationen als einem Element von Globalisierung angemessen zu reagieren Welche politischen und sozialen Integrationsbedingungen und Strategien benötigt eine Einwanderungsgesellschaft Sind erfolgreiche Integrationskonzepte anderer Länder übertragbar Ermöglicht die gesellschaftlich politische Auseinandersetzung mit Migration und der Integration ethnischer Minderheiten die Weiterentwicklung des nationalen Wohlfahrtsstaates *Jewish Immigrants and American Capitalism, 1880-1920* Eli Lederhendler, 2009-03-02 Down and out in Eastern Europe Being an immigrant ideal ordeal and opportunities Becoming an ethnic American from class to ideology *Zuhause fremd* Sabine Ipsen-Peitzmeier, Markus Kaiser, 2015-07-15 Seit Beginn der 1990er Jahre als der Zuzug von Spätaussiedlern aus der ehemaligen UdSSR seinen Höhepunkt erreichte wuchs in Deutschland das wissenschaftliche Interesse an den Russlanddeutschen an ihrer Geschichte ihrer Migration sowie ihrer Situation in der deutschen Gesellschaft Auch die Beiträge dieses Bandes widmen sich diesen Themen Was sie jedoch über ihren aktuellen Bezug hinaus auszeichnet ist die deutsch russische Zusammensetzung der Autoren die sich den Gegenstand aus ihrer jeweils eigenen Perspektive aneignen und dabei ein vielschichtiges Bild zeichnen *The Columbia Documentary History of Race and Ethnicity in America* Ronald H. Bayor, 2004-07-14 All historians would agree that America is a nation of nations But what does that mean in terms of the issues that have moved and shaped us as a people Contemporary concerns such as bilingualism incorporation assimilation dual identity ethnic politics quotas and affirmative action residential segregation and the volume of immigration resonate with a past that has confronted variations of these modern issues The Columbia Documentary History of Race and Ethnicity in America written and compiled by a highly respected team of American historians under the editorship of Ronald Bayor illuminates the myriad ways in which immigration racial and ethnic histories have shaped the contours of contemporary American society This invaluable resource documents all eras of the

American past including black white interactions and the broad spectrum of American attitudes and reactions concerning Native Americans Irish Catholics Mexican Americans Jewish Americans and other groups Each of the eight chronological chapters contains a survey essay an annotated bibliography and 20 to 30 related public and private primary source documents including manifestos speeches court cases letters memoirs and much more From the 1655 petition of Jewish merchants regarding the admission of Jews to the New Netherlands colony to an interview with a Chinese American worker regarding a 1938 strike in San Francisco documents are drawn from a variety of sources and allow students and others direct access to our past Selections include Powhatan to John Smith 1609 Thomas Jefferson Notes on the State of Virginia Petition of the Trustees of Congregation Shearith Israel 1811 Bessie Conway or The Irish Girl in America German Society in Chicago Annual Report 1857 1858 Mark Twain s Salutation to the Century W E B DuBois Of Our Spiritual Strivings NAACP on Black Schoolteachers Fight for Equal Pay Malcom X speech 1964 Hewy Newton interview and Black Panther Party platform Preamble La Raza Unida Party Lee Iacocca speech to Ethnic Heritage Council of the Pacific Northwest 1984 Native American Graves and Repatriation Act 1990 L A riot from the Los Angeles Times May 3 15 1992 Nov 16 19 1992 Asian American Political Alliance President Clinton s Commission on Race Town Meeting 1997 Louis Farrakhan The Vision for the Million Man March Petermanns geographische Mitteilungen August Heinrich Petermann, Ernst Behm, Alexander Supan, Paul Max Harry Langhans, Nikolaus Creutzburg, Hermann Haack, 2004 Vols 54 57 include section Kartographischer Monatsbericht von Hermann Haack title varies v 1 4 1906 11 **Diversity and Its Discontents** Neil J. Smelser, Jeffrey C.

Alexander, 2021-04-13 Never before has the legitimacy of a dominant American culture been so hotly contested as over the past two decades Familiar terms such as culture wars multiculturalism moral majority and family values all suggest a society fragmented by the issue of cultural diversity So does any social solidarity exist among Americans In *Diversity and Its Discontents* a group of leading sociologists political theorists and social historians seek to answer this question empirically by exploring ideological differences theoretical disputes social processes and institutional change Together they present a broad yet penetrating look at American life in which cultural conflict has always played a part Many of the findings reveal that this conflict is no more or less rampant now than in the past and that the terms of social solidarity in the United States have changed as the society itself has changed The volume begins with reflections on the sources of the current culture wars and goes on to show a number of parallel situations throughout American history some more profound than today s conflicts The contributors identify political vicissitudes and social changes in the late twentieth century that have formed the backdrop to the wars including changes in immigration marriage family structure urban and residential life and expression of sexuality Points of agreement are revealed between the left and the right in their diagnoses of American culture and society but the essays also show how the claims of both sides have been overdrawn and polarized The volume concludes that above all the antagonists of the culture wars have failed to appreciate the powerful cohesive forces in Americans outlooks and institutions

forces that have in fact institutionalized many of the radical changes proposed in the 1960s Diversity and Its Discontents brings sound empirical evidence theoretical sophistication and tempered judgment to a cultural episode in American history that has for too long been clouded by ideological rhetoric In addition to the editors the contributors are Seyla Benhabib Jean L Cohen Reynolds Farley Claude S Fischer Frank F Furstenberg Jr John Higham David A Hollinger Steven Seidman Marta Tienda David Tyack R Stephen Warner Robert Wuthnow and Viviana A Zelizer *Generation 1.5 in College Composition* Mark Roberge, Meryl Siegal, Linda Harklau, 2009-02-12 A well organized volume with a strong emphasis on pedagogy Trudy Smoke Hunter College City University of New York USA Generation 1 5 is the most interesting topic of concern in ESL today yet publications are few and far between The editors clearly know what they re doing They know the field know the subject matter and understand the problems This volume contributes to the thinking in the field Linda Lonon Blanton University of New Orleans USA Building on the work that has been done over the past decade this volume provides theoretical frameworks for understanding debates about immigrant students studies of students schooling paths and language and literacy experiences and pedagogical approaches for working with Generation 1 5 students Generation 1 5 in College Composition is designed to help both scholars and practitioners reconceptualize the fields of College Composition and TESOL and create a space for research theory and pedagogy focusing on postsecondary immigrant ESL students provides both important new theoretical work which lays the underpinnings for serious pedagogical innovation and important new pedagogical approaches Because of their varied and complex language and literacy profiles Generation 1 5 students are found in developmental English courses college ESL courses and mainstream college writing courses This volume is directed to preservice and inservice teachers teacher educators and researchers involved with educating Generation 1 5 students in these and other contexts **Multicultural America** Ronald H. Bayor, 2011-07-22 This encyclopedia contains 50 thorough profiles of the most numerically significant immigrant groups now making their homes in the United States telling the story of our newest immigrants and introducing them to their fellow Americans One of the main reasons the United States has evolved so quickly and radically in the last 100 years is the large number of ethnically diverse immigrants that have become part of its population People from every area of the world have come to America in an effort to realize their dreams of more opportunity and better lives either for themselves or for their children This book provides a fascinating picture of the lives of immigrants from 50 countries who have contributed substantially to the diversity of the United States exploring all aspects of the immigrants lives in the old world as well as the new Each essay explains why these people have come to the United States how they have adjusted to and integrated into American society and what portends for their future Accounts of the experiences of the second generation and the effects of relations between the United States and the sending country round out these unusually rich and demographically detailed portraits Personal Effects Nancy Caronia, Edvige Giunta, 2014-10-15 Celebrating one of the most important Italian American female authors of our time Personal Effects offers

a lucid view of Louise DeSalvo as a writer who has produced a vast and provocative body of memoir writing a scholar who has enriched our understanding of Virginia Woolf and a teacher who has transformed countless lives More than an anthology Personal Effects represents an author case study and an example for modern Italian American interdisciplinary scholarship Personal Effects examines DeSalvo s memoirs as works that push the boundaries of the most controversial genre of the past few decades In these works the author fearlessly explores issues such as immigration domesticity war adultery illness mental health sexuality the environment and trauma through the lens of gender ethnic and working class identity Alongside her groundbreaking scholarship DeSalvo s memoirs attest to the power and influence of this feminist Italian American writer

White Out Ashley W. Doane, Eduardo Bonilla-Silva, 2013-01-11 What does it mean to be white This remains the question at large in the continued effort to examine how white racial identity is constructed and how systems of white privilege operate in everyday life White Out brings together the original work of leading scholars across the disciplines of sociology philosophy history and anthropology to give readers an important and cutting edge study of whiteness *Toward Assimilation and Citizenship* C. Joppke, E. Morawska, 2002-12-17 This book surveys a new trend in immigration studies which one could characterize as a turn away from multicultural and postnational perspectives toward a renewed emphasis on assimilation and citizenship Looking both at state policies and migrant practices the contributors to this volume argue that 1 citizenship has remained the dominant membership principle in liberal nation states 2 multiculturalism policies are everywhere in retreat and 3 contemporary migrants are simultaneously assimilating and transnationalizing *Black Americans and the Civil Rights Movement in the West* Bruce A. Glasrud, Cary D. Wintz, 2019-02-14 In 1927 Beatrice Cannady succeeded in removing racist language from the Oregon Constitution During World War II Rowena Moore fought for the right of black women to work in Omaha s meat packinghouses In 1942 Thelma Paige used the courts to equalize the salaries of black and white schoolteachers across Texas In 1950 Lucinda Todd of Topeka laid the groundwork for the landmark Supreme Court decision Brown v Board of Education These actions including sit ins long before the Greensboro sit ins of 1960 occurred well beyond the borders of the American South and East regions most known as the home of the civil rights movement By considering social justice efforts in western cities and states Black Americans and the Civil Rights Movement in the West convincingly integrates the West into the historical narrative of black Americans struggle for civil rights From Iowa and Minnesota to the Pacific Northwest and from Texas to the Dakotas black westerners initiated a wide array of civil rights activities in the early to late twentieth century Connected to national struggles as much as they were tailored to local situations these efforts predated or prefigured events in the East and South In this collection editors Bruce A Glasrud and Cary D Wintz bring these moments into sharp focus as the contributors note the ways in which the racial and ethnic diversity of the West shaped a specific kind of African American activism Concentrating on the far West the mountain states the desert Southwest the upper Midwest and states both southern and western the contributors examine black westerners responses to racism in its various

manifestations whether as school segregation in Dallas job discrimination in Seattle or housing bias in San Francisco Together their essays establish in unprecedented detail how efforts to challenge discrimination impacted and changed the West and ultimately the United States

Inheriting the City Philip Kasinitz, John H. Mollenkopf, Mary C. Waters, Jennifer Holdaway, 2009-12-11 From the publisher Inheriting the City examines five immigrant groups to disentangle the complicated question of how they are faring relative to native born groups and how achievement differs between and within these groups While some experts worry that these young adults would not do as well as previous waves of immigrants due to lack of high paying manufacturing jobs poor public schools and an entrenched racial divide Inheriting the City finds that the second generation is rapidly moving into the mainstream speaking English working in jobs that resemble those held by native New Yorkers their age and creatively combining their ethnic cultures and norms with American ones Far from descending into an urban underclass the children of immigrants are using immigrant advantages to avoid some of the obstacles that native minority groups cannot

Immigration Worldwide Uma A. Segal, Doreen Elliott, Nazneen S. Mayadas, 2010-01-19 International migrants comprise one in 35 people or 3% of the world's population This sweeping sourcebook explores immigration policies and processes in 25 countries and two world regions serving as a valuable reference for scholars and students seeking a wide ranging yet nuanced survey of key issues salient to debates about how to best serve immigrant populations and their host countries

Residential Segregation Patterns of Latinos in the United States, 1990-2000 Michael E Martin, 2006-11-29 Historically residential segregation of Latinos has generally been seen as a result of immigration and the process of self segregation into ethnic enclaves The only theoretical exception to ethnic enclave Latino segregation has been the structural inequality related to Latinos that have a high degree of African ancestry This study of the 331 metropolitan area in the United States between 1990 and 2000 shows that Latinos are facing structural inequalities outside of the degree of African ancestry The results of the author's research suggest that Latino segregation is due to the mobility of Latinos and structural barriers in wealth creation due to limited housing equity and limited occupational mobility In addition Latino suburbanization appears to be a segregation force rather than an integration force This study also shows that Mexicans Puerto Ricans and Cubans have different experiences with residential segregation Residential segregation of Cubans does not appear to be a problem in the U S Puerto Ricans continue to be the most segregated Latino sub group and inequality is a large factor in Puerto Rican segregation A more in depth analysis reveals that the Puerto Rican experience is bifurcated between the older highly segregated enclaves where inequality is a large problem and new enclaves where inequality and segregation are not an issue The Mexican residential segregation experience reflects that immigration and mobility are important factors but previous theorists have underestimated the barriers Mexicans face in obtaining generational wealth and moving from the ethnic enclave into the American mainstream

Children of Immigrants National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social

Sciences and Education, Committee on the Health and Adjustment of Immigrant Children and Families, 1999-11-12 Immigrant children and youth are the fastest growing segment of the U S population and so their prospects bear heavily on the well being of the country Children of Immigrants represents some of the very best and most extensive research efforts to date on the circumstances health and development of children in immigrant families and the delivery of health and social services to these children and their families This book presents new detailed analyses of more than a dozen existing datasets that constitute a large share of the national system for monitoring the health and well being of the U S population Prior to these new analyses few of these datasets had been used to assess the circumstances of children in immigrant families The analyses enormously expand the available knowledge about the physical and mental health status and risk behaviors educational experiences and outcomes and socioeconomic and demographic circumstances of first and second generation immigrant children compared with children with U S born parents

Inventive Politicians and Ethnic Ascent in American

Politics Miriam Jiménez, 2013-11-07 This innovative book investigates the process through which ethnic minorities penetrate into higher echelons of political power specifically how they succeed in getting elected to the U S Congress Analysts today see ethnic politicians largely in relation to their collectivities but by actually studying what ethnic minority politicians do and the issues they have faced Jimenez's book offers an original perspective of analysis Jimenez utilizes a ground breaking comparative dataset of elected members of Congress organized upon the basis of national origin the first available Using the cases of Mexican Americans and Italian Americans Jimenez analyzes and compares the different ways that these ethnic politicians have been elected to the national legislature from the beginning of the 20th century until the present Her study examines Italian and Mexican American politicians actions and interactions with local political parties identifies various layers of political power that have influenced their successes and failures and uncovers the strategies that they have used Jimenez argues that the politically active segment of an ethnic group matters in the process of political incorporation of a group She also asserts that regular access of ethnic groups into upper levels of political office and the full acceptance of new ethnic players only occurs as a consequence of an institutional change Jimenez's pioneering documentation and analysis of the strategies of ethnic minority politicians and the ways that political institutions have influenced these politicians is significant to scholars of political incorporation race and ethnicity and congressional elections Her book demonstrates the need to reconsider several standard ideas of how minority representation occurs and deepens our understanding of the role that political institutions play in that process

The Truth About Health Care

David Mechanic, 2006-08-04 The United States spends greatly more per person on health care than any other country but the evidence shows that care is often poor and inappropriate Despite expenditures of 1.7 trillion dollars in 2003 and growing substantially each year services remain fragmented and poorly coordinated and more than 46 million people are uninsured Why can't America with its vast array of resources sophisticated technologies superior medical research and educational institutions and talented health care

professionals produce higher quality care and better outcomes In *The Truth about Health Care* David Mechanic explains how health care in America has evolved in ways that favor a myriad of economic professional and political interests over those of patients While money has always had a place in medical care big money and the quest for profits has become dominant making meaningful reforms difficult to achieve Mechanic acknowledges that railing against these influences which are here to stay can achieve only so much Instead he asks whether it is possible to convert what is best about health care in America into a well functioning system that better serves the entire population Bringing decades of experience as an active health policy participant researcher teacher and consultant to the public and private sectors Mechanic examines the strengths and weaknesses of our system and how it has evolved He pays special attention to areas often neglected in policy discussions such as the loss of public trust in medicine the tragic state of long term care and the relationship of mental health to health care For anyone who has been frustrated by uncoordinated health networks insurance denials and other obstacles to obtaining appropriate care this book will provide a refreshing and frank look at the system s current and future dilemmas Mechanic s thoughtful roadmap describes how health plans healthcare professionals policymakers and consumer groups can work together to improve access quality fairness and health outcomes in America About the Author
