Remote Jobs Near Me:

"Can You See My Screen?" Remote Work Habits, from the Non-Western Side Windyasari Septriani, 2025-10-20 This is a practical habits book based on the writer's real experiences working remotely. People from around the world have sought mentoring from Windyasari via mentoring platforms or direct messages on how to handle remote job interviews and what to do after getting a job especially as non-Western workers. Some Westerners have also asked her for guidance on work motherhood and portfolio reviews covering topics such as imposter syndrome and language barriers. This book exists not just to help remote workers but also the remote workplaces and companies themselves. It aims to remind remote workers to maintain good attitudes and behaviors even when no one is watching. In this digital and social media era where integrity is often overlooked as long as someone has power or many followers, this should not happen especially for remote workers whether working full time or as freelancers. This book is for win-win solutions between the remote workers and remote companies. Getting a job globally remotely as a non-Western can be so tough yet we need to be accountable and have really great integrity not by playing victim just because we are in the minority. We might have no intention to hurt others or break the rules but it might be the gap between daily habits and situations or even limitations. In this book you will learn: Handle different time zones without harming others or burning out. Ensure working remotely is not a disaster and remains an advantage compared to working onsite. Facing rejections and handling imposter syndrome as a non-Western worker. Navigate remote job interviews. Maintain an attitude as a remote worker that prevents companies whether Western or non-Western from being upset or blacklisting your country even if it's their personal preference. Prepare yourself to attract remote recruiters. Lead effectively when working remotely and any other things that can help you be prepared and more confident when working remotely.

Managing by Remote Control Peter R Garber,2024-11-01 Point Click Done What a world this would be if everything

worked as easily and efficiently as your TV set's remote control. Today's managers could definitely use such convenience in their day-to-day dealings. Many of them face far too many responsibilities for one person. Traditional empowerment allowing support staff to take on some of the overload often produced less than desirable results. Even so, some form of empowerment has become an absolute necessity for maxed-out managers. If you suffer from nagging stressful management overload, *Managing by Remote Control* now brings you relief. Peter R. Garber, a manager of teamwork development, offers new concepts and techniques to make empowerment practical. He tells why and how past methods failed and replaces those with more effective measures. Eventually, your capable support staff will make decisions and solve problems as if a manager were always present and calling the shots. By comparing his techniques and philosophies to the functions of a TV set's remote control, Garber takes an entertaining and humorous approach to the subject. Even those who would rather watch TV than read a business book will find *Managing by Remote Control* entertaining and informative. Don't wait for rerun season; read it soon.
