Sloan,1999 Now that Reagan s achievements and failures have become more obvious it is time for a new nonpartisan appraisal of his leadership and its impact on the nation That is precisely what John Sloan delivers Sloan focuses especially on the questions raised in the highly polemical debates between conservatives and liberals concerning Reagan s economic policies He gives equal time to both sides showing how liberals were wrong in their predictions of gloom while conservatives continue to grant Reagan more credit and status than he deserves Principles of Taxation for Business and Investment Planning Sally M. Jones,2001 This title is an approach to the study of taxation It teaches students to recognize the role taxes play in business and investment decisions In addition the book presents the general role of taxation and its implications across all taxpaying entities before discussing the details of specific exceptions This approach allows students to really grasp the fundamental concepts that are the foundation for specific tax rules The benefit is that the students will understand the framework of the tax system even though specific tax regulations change from year to year **Taxation of Business Entities** ,2007 *Tax Tips for Advertising Agencies* ,1989 **English Synonymes** George Crabb,1897 **Building and Maintaining a Successful Tax Practice** William L.
