A history of 1061 days of failures and a path to success.](#) Piotr Konopka, This book is my story It's about success the road to it there's a bit of theory But mostly it's about practice how in 158 days the title 5 months and five days I changed my life and lost 50.5 kg A hilarious picture of Pawel Jaronski is circulating the web a doctor diagnosing a patient saying You are fat Please don't be fat The patient thanks him and the consultation is over Much weight loss advice looks similar Seemingly simple advice that only looks good on paper Or in a world of superheroes endowed with superpowers This is not a book for superheroes Nor is it a book written by a superhero It is a story about how to win despite stumbles and failures How to learn lessons How to pick yourself up after successive falls You will only find advice that works in everyday life You will get practical advice tailored to the busy lifestyles of today's world Based on factual foundations and the knowledge of experts in many fields but is complemented by the true story of a man who has faced himself Or that's what superheroism is This book is a record of my story I won't describe my life but I will discuss almost four years It will be about success but also the road to it The first part concerns the period from 23 August 2019 to 18 July 2022 That is 1 061 days which can be seen as a period of failure Or to paraphrase Thomas Edison it was a period in which I discovered 1061 ways to lose weight that didn't work The second part was the 158 days actually the eponymous five months and five days during which using the experiences I had gathered I changed my life and lost 50.5 kg To lose weight I had to suffer from depression and stage III obesity Sometimes people with depression say they woke up driving a car in a head-on collision Me I feel like I woke up in the vicinity of a coffin with a box of pizza in my hand The fact that I have lost and continue to lose weight is the result of the sum of my experiences not a magical transformation This is only a book for some I am not a doctor although doctors do appear in it This is not a book to diagnose endocrine disorders or other illnesses see a doctor about those I will not help you all But if at least a few people benefit from my story I will still be happy The fact that I have a circle of people

supporting me is lucky Some people are not so fortunate But it s worthwhile then to seek help from professionals psychotherapists psychologists who can help in such a situation But if my experiences are to help at least one person it is worth sharing such knowledge That is why this book was written *The Maker's Diet for Weight Loss* Jordan Rubin,2013-12-28 The Best Way to Lose Weight The Maker s Way Designed as a follow up to his New York Times best seller The Maker s Diet Jordan Rubin takes his nutritional strategies to the next level in this 16 week program calculated to help you not only achieve your weight loss goals but maintain them in the future By addressing your whole person body mind emotions and spirit The Maker s Diet for Weight Loss will help you reach a weight that makes you look good and feel great about yourself as you Eat for your body type age gender and region Maximize nutrients while reducing calories Eliminate toxins inside and outside your body Learn the best ways to cheat without getting off track With solid medical advice from Bernard Bulwer MD an advanced fellow at one of the premier teaching hospitals at Harvard Medical School The Maker s Diet for Weight Loss presents a holistic approach to weight loss that will change your life forever **Ebony** ,2007-10 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *The Great Indian Diet* Shilpa Shetty Kundra,Luke Coutinho,2015-11-24 Why run after the West when we already have the best Join Shilpa Shetty Kundra and Luke Coutinho as they tell you just how nutritious your locally grown and sourced ingredients are and that there s no need to look beyond borders to tailor the perfect diet The book touches upon various food categories and not only tells you how to take care of your nutritional intake but also how to burn fat in the process The combined experience of a professional nutritionist and an uber fit celebrity who swears by the diet will open your eyes to why Indian food is the best in the world [The Paleo Weight Loss Plan](#) Telamon Press,2014-01-13 See amazing results with The Paleo Weight Loss Plan The Paleo diet is one of the most efficient diets for losing weight With protein packed meals and healthy fats Paleo helps you cut out unnecessary calories put on muscle and train your body to burn fat The Paleo Weight Loss Plan will show you how to get the most out of the Paleo diet with easy recipes and meal plans to help you melt away extra pounds With The Paleo Weight Loss Plan you will be able to improve your strength your energy and most of all your waistline The Paleo Weight Loss Plan makes it easy to lose weight on Paleo with 86 simple delicious Paleo recipes including Biscuits Gravy Paleo Sloppy Joes Chicken Fajitas and Raw Fudge Brownies 10 day Paleo weight loss meal plan The science behind the Paleo diet and its many health benefits Essential Paleo foods to stock your pantry refrigerator and freezer 10 easy tips to help you stick to the Paleo diet The Paleo Weight Loss Plan will not only show you how to give your body the fuel it naturally craves it will show you how to get lean and lose weight permanently **Guidelines for Cardiac Rehabilitation Programs** American Association of Cardiovascular & Pulmonary Rehabilitation,2021 Guidelines for Cardiac Rehabilitation Programs Sixth Edition offers procedures for providing patients with low cost high quality programming that moves them toward a lifelong commitment to disease management
