Opus Dei An Archaeology Of Duty Meridian Crossing Aesthetics

Ryan LaMothe

Opus Dei An Archaeology Of Duty Meridian Crossing Aesthetics:

A Radical Political Theology for the Anthropocene Era Ryan LaMothe, 2021-11-18 Given the fierce urgency of now this important book confronts and addresses key problems and questions of political theology with the aim of proposing a radical political theology for the Anthropocene Age LaMothe invites readers to think and be otherwise in living lives in common with all other human beings and other than human beings that dwell on this one earth

Opus Dei Giorgio Agamben, 2013-09-18 In this follow up to *The Kingdom and the Glory* and *The Highest Poverty* Agamben investigates the roots of our moral concept of duty in the theory and practice of Christian liturgy Beginning with the New Testament and working through to late scholasticism and modern papal encyclicals Agamben traces the Church's attempts to repeat Christ's unrepeatable sacrifice Crucial here is the paradoxical figure of the priest who becomes more and more a pure instrument of God's power so that his own motives and character are entirely indifferent as long as he carries out his priestly duties In modernity Agamben argues the Christian priest has become the model ethical subject We see this above all in Kantian ethics Contrasting the Christian and modern ontology of duty with the classical ontology of being Agamben contends that Western philosophy has unfolded in the tension between the two This latest installment in the study of Western political structures begun in *Homo Sacer* is a contribution to the study of liturgy an extension of Nietzsche's genealogy of morals and a reworking of Heidegger's history of Being

Kenosis and Its Power Norihito Nakamura, 2025-10-22 What is kenosis It is a Christian theological concept from Philippians 2 that refers to the self emptying of Jesus Jesus while being fully divine voluntarily emptied himself and renounced certain divine privileges and powers This concept has sparked extensive theological discussions over its long history but its meaning underwent a transformation in the twentieth century In an era of modernity known for nihilism where secularization and the death of God are taken for granted kenosis prompts people to consider a new form of religion This volume of eight essays aims to open up its philosophical and historical significance It is divided into two parts The first part consists of analyses of kenosis from the perspectives of political theology and contemporary philosophy e.g. McFaigue Kierkegaard Bonhoeffer Jean Luc Nancy Levinas Jean Luc Marion etc The second part focuses on the Japanese philosophers of the Kyoto School and consists of studies on the interreligious potential of kenosis e.g. Nishida Kitamori Nishitani Tanabe Abe Nicholas of Cusa Moltmann Vattimo etc

Law, Legal Culture and Society Alberto Febbrajo, 2018-07-04 This volume addresses the pluralistic identity of the legal order It argues that the mutual reflexivity of the different ways society perceives law and law perceives society eclipses the unique formal identity of written law It advances a distinctive approach to the plural ways in which legal cultures work in a modern society through the metaphor of the mirror As a mirror of society it distinguishes between the structure and function of legal culture within the legal system and the external representation of law in society This duality is further problematized in relation to the increasing transnationalisation of law Based on a multi level interpretation of the concept of legal culture the work is divided into three parts the first addresses the mutual

reflections of social and legal norms that support a pluralist representation of internal legal cultures the second concentrates on the external legal cultures that constantly enable pragmatic adjustments of the legal order to its social environment and the third concludes the book with a theoretical discussion of the issues presented Sonic Icons Sarah Bakker Kellogg, 2024-11-05 A vivid artfully crafted and deeply hopeful account of one community's struggle to rediscover and reinvent itself after a century of genocidal loss dispossession and displacement To the extent that Middle Eastern Christians register in Euro American political imaginaries they are usually invoked to justify Western military intervention into countries like Iraq or Syria or as an exemption to anti Islamic immigration policies because of an assumption that their Christianity makes them easily assimilable in the so called Judeo Christian West Using the tools of multisensory ethnography *Sonic Icons* uncovers how these views work against the very communities they are meant to benefit Through long term fieldwork in the Netherlands among Syriac Orthodox Christians also known as Assyrians Aramaeans and Syriacs Bakker Kellogg reveals how they intertwine religious practice with political activism to save Syriac Christianity from the twin threats of political violence in the Middle East and cultural assimilation in Europe In a historical moment when much of their tradition has been forgotten or destroyed their story of self discovery is one of survival and reinvention By reviving the late antique Syriac liturgical tradition known as the Daughters and Sons of the Covenant they seek a complex form of recognition for what they understand to be the ethical core of Christian kinship in an ethnic as well as in a religious sense despite living in societies that do not recognize this unhyphenated form of ethnoreligiosity as a politically legitimate mode of public identity Drawing on both theological and linguistic understandings of the icon *Sonic Icons* rethinks foundational theoretical accounts of ethnicization racialization and secularization by examining how kinship gets made claimed and named in the global politics of minority recognition The icon as a site of communicative and reproductive power illuminates how these processes are shaped by religious histories of struggle for sovereignty over the reproductive future *Karman* Giorgio Agamben, 2023-05-25 The renowned Italian philosopher offers a penetrating analysis of judgment guilt free will and society in this brief yet profoundly original treatise What does it mean to be responsible for our actions In this brief and elegant study Giorgio Agamben traces our most profound moral intuitions back to their roots in the sphere of law and punishment Moral accountability human free agency and even the very concept of cause and effect all find their origin in the language of the trial which Western philosophy and theology both transform into the paradigm for all of human life In his search for a way out of this destructive paradigm Agamben not only draws on minority opinions within the Western tradition but engages at length with Buddhist texts and concepts for the first time In sum *Karman* deepens and rearticulates some of Agamben's core insights while breaking significant new ground **The Omnibus Homo Sacer** Giorgio Agamben, 2017-08-15 Giorgio Agamben's *Homo Sacer* is one of the seminal works of political philosophy in recent decades A twenty year undertaking this project is a series of interconnected investigations of staggering ambition and scope investigating the deepest foundations of every major

Western institution and discourse This single book brings together for the first time all nine volumes that make up this groundbreaking project Each volume takes a seemingly obscure and outdated issue as its starting point an enigmatic figure in Roman law or medieval debates about God s management of creation or theories about the origin of the oath but is always guided by questions with urgent contemporary relevance The Omnibus Homo Sacer includes 1 Homo Sacer Sovereign Power and Bare Life 2 1 State of Exception 2 2 Stasis Civil War as a Political Paradigm 2 3 The Sacrament of Language An Archeology of the Oath 2 4 The Kingdom and the Glory For a Theological Genealogy of Economy and Glory 2 5 Opus Dei An Archeology of Duty 3 Remnants of Auschwitz The Witness and the Archive 4 1 The Highest Poverty Monastic Rules and Form of Life 4 2 The Use of Bodies

When people should go to the book stores, search opening by shop, shelf by shelf, it is in point of fact problematic. This is why we offer the books compilations in this website. It will entirely ease you to look guide **Opus Dei An Archaeology Of Duty Meridian Crossing Aesthetics** as you such as.

By searching the title, publisher, or authors of guide you in reality want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you aspire to download and install the Opus Dei An Archaeology Of Duty Meridian Crossing Aesthetics, it is utterly easy then, in the past currently we extend the belong to to buy and create bargains to download and install Opus Dei An Archaeology Of Duty Meridian Crossing Aesthetics correspondingly simple!
