Ordaining Reality In Brief The Shortcut To Your Future:

Ordaining Reality in Brief Joseph E. Donlan, 2009 Many people believe in the Power of Positive Thinking but no one had succeeded in credibly explaining how mere thoughts can tangibly influence future occurrences To explain the connection Joseph Donlan presented highly plausible theories in two preceding books Each of these books presents a new paradigm of nature and couples it with a convincing explanation of how our right brain hemispheres have a unique ability to tap into the hidden domain of the metaphysical This final book in the series also supports these premises however it does so at a higher more condensed level so that readers with no background in science can gain enough information to appreciate the divergent worlds of physics and metaphysics and gain a view of nature that undeniably links mind to matter *In the Mind of a Master* Slim Spurling, Susan Anderson, 2012-08-27 Slim Spurling was an inventor researcher and internationally recognized dowser He developed the Light Life tm Ring in 1991 which became the prototype of a cutting edge tensor technology The science represented in the Light Life tm Technology is both ancient and modern Quantum physics has shown us that ultimately everything is light and energy This has been demonstrated with the Light Life tm Tools in the energizing of food and water cleaning of the environment and the shift in consciousness Geobiology is the study of the influence of earth energies on all forms of life man animal and plant Normally silent and invisible these energy fields are felt by many and affect lives in profound ways With increasing amounts of distorted earth energies appearing on the local and global scene people need to be aware of the existence of this phenomenon and learn how to remediate its effects so the pain and suffering associated with it can be reduced Slim Spurling s Light Life tm Tools and Technology offer a means to work with rebalancing our environment in a non intrusive way without creating an additional burden on the earth This book will guide you in the applications of Slim Spurling s Tools in developing a deeper connection to life and truth His Light Life tm Harmonizers are known to raise conscious awareness allowing you to attain greater focus Comprehensive support for the shift mankind expects in 2012 and beyond is offered Slim Spurling s Tools have been helpful to many people in Improving their health Decreasing Stress Reducing the necessity for chemicals in the home Calming severe weather Cleaning the environment

Ordaining Reality Joseph E. Donlan, 2021-06-06 Many people believe in the power of positive thinking i e how thoughts and attitude can shape their future yet despite a plethora of books on this subject no previous author has credibly explained how mere thoughts are able to tangibly influence future events To explain the connection Dr Donlan presents a new paradigm of nature coupled with a viable explanation of how our right cerebral hemisphere has evolved circuitry that can tap into the hidden domain of the metaphysical To support this premise he exposes the reader to the worlds of physics metaphysics brain architecture and evolution Donlan then introduces the many problems associated with the current model and contrasts it with a new view which remedies many of the issues facing theoretical physicists today Important to its central theme the book s proposed paradigm supports the remarkable notion that the future can only be created with

thoughts In the final analysis the author brings his readers through the necessary steps to put this knowledge to work to help them pre ordain their own realities **Ordaining Reality Made Easy** Joseph E. Donlan,2009 Many people believe in the Power of Positive Thinking but no one has succeeded in credibly explaining how mere thoughts can tangibly influence future occurrences To explain the connection this book presents a new paradigm of nature and couples it with a convincing explanation of how our right brain hemispheres have a unique ability to tap into the hidden domain of the metaphysical To support this premise the reader is lightly exposed to the divergent worlds of physics and metaphysics and is then introduced to a new view of nature that undeniably links mind to matter Important to its charge the new perspective makes the case that the future can only be created with thoughts In the final analysis the author brings his readers through the necessary steps to put this knowledge to work to help them create their own realities **Ebony** ,2005-11 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Bulletin of the Atomic Scientists** ,1966-06 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **The Big Lie** Future Foundation,2013-08-21 Future Foundation is a trends and forecasting agency with global reach has been operational for nearly twenty years is completely independent of any other company or organization beyond sharing general values has no political opinions partners and counsels more than two hundred corporate clients runs its own data bank of opinion research findings going back years probes consumer opinion in twenty eight countries on an annual basis manages its own team of two hundred trendspotters across the globe is committed to excellence in the visual and verbal presentation of ideas and intuitions holds as its motto and its goal Science Meets Creativity is in business to see its clients prosper through the ingenious application of enriched insight into the lives of consumers citizens people Healing God's Earth S. Roy Kaufman,2013-08-02 Rural communities and traditional cultures throughout North America and around the world are being systematically dismantled by the forces of urban civilization It is no new phenomenon For over four millennia the powers of urban civilization have been playing God oppressing people and exploiting the earth This long history has brought us to the brink of disaster in the current economic ecological and energy crises confronting the dominant global culture This book reads the Bible through the lenses of rural communities The Bible has something to say about the origin and character of urban civilization and the dynamic of its relationship to rural communities Both Israel in the Old Testament and Jesus in the New Testament were engaged in the formation of rural communities of faith living as alternatives to the dominant cultures of the urban civilizations in which they lived It turns out that local face to face communities both rural and urban along with traditional cultures of all stripes are God s chosen instruments for the subversive nonviolent disarming of urban civilization and the healing of God s earth Llewellyn's 2026 Magical Almanac Llewellyn,2025-07-08 Llewellyn s Magical Almanac has
