Delivering On The Promise Brian S. Friedman, James A. Hatch, David M. Walker, 2012-12-11 Over the past couple of decades management styles have evolved from strategic planning to total quality management to reengineering Now in the newest and most cost effective trend to hit the boardrooms there is a concentrated effort to view employment not as a perishable resource to be consumed but as a valuable commodity to be developed While research shows that investments in capital result in higher returns to shareholders the question is how should these investments be made and how can returns on these investments be measured DELIVERING ON THE PROMISE reveals Arthur Andersen's proprietary technically based methodology called The Five Square Approach that will enable any manager to measure manage and leverage human capital Drawing on case studies and research this book is for any business manager who wants to evaluate and improve the current worth of their company's human resources

Building a New Performance Vision Thomas J. LaBonte, 2023-05-26 Despite their best efforts many organizations find it difficult to shake the silo mentality that stands in the way of real strides in performance improvement Building a New Performance Vision addresses this issue head on by arguing that training human resources organizational development quality information technology and knowledge management professionals should all be playing on the same HPI team Each of these functions spends most of its energy promoting individual agendas and not the organization's business and performance needs The cure for this unhappy state of affairs is the creation of a single unified HPI process and function that brings together these disparate groups under the banner of shared business goals Readers are offered a clear path to accomplish this organizational feat through the use of step by step instructions tools tips and job aids
