Organized Business Economic Change And Democracy In Latin America:

Organized Business, Economic Change, and Democracy in Latin America Francisco Durand, Eduardo Silva, 1998
Studying Latin America this text analyzes the extent to which economic and political changes have convinced business elites to strengthen their employer associations and to use them instead of less institutionalized means to influence the policy making process
Reformpolitik in jungen Demokratien Wolfgang Muno, 2015-02-27 Die vorliegende Arbeit besch ftigt sich mit der Politik konomischer Reformen in jungen Demokratien Aus der Perspektive neuerer Ans tze der Policy Forschung Akteurzentrierter Institutionalismus Vetospieler Theorem Advocacy Coalitions Framework erfolgt in Form konfigurativer Studien die empirische Analyse der Politik konomischer Reformen in Argentinien Uruguay und Thailand Die Analyse zeigt dass Reformpolitik durchsetzbar ist wenn Krisen im Sinne von Windows of Opportunity Reformchancen er ffnen Diese Gelegenheitsfenster wirken aber nur wenn entscheidende Akteure Vetospieler im Sinne eines Policy Learning ihr Verhalten ndern bzw die reformerisch orientierten Akteure Reformkoalition die Reformgegner berwinden oder berzeugen k nnen

The Strategic Dynamics of Latin American Trade Vinod K. Aggarwal, Ralph H. Espach, Joseph S. Tulchin, 2004 This volume analyzes trade agreements in Latin America since the mid 1980s and provides a theoretical framework that highlights the political economic tradeoffs entailed in different trade strategies formulated and pursued by different countries in the region It contains detailed empirically grounded studies of Argentina Brazil Chile Mexico and the Mercosur block as a whole

Democracy in Latin America Peter H. Smith, Cameron J. Sells, 2017 Examines processes of democratization in Latin America from 1900 to the present Thoroughly revised and expanded this new edition provides a widespread view of political transformation throughout the entire region
The Political Economy of Elites in Latin America Jan Ickler, Rebeca Ramos Padrón, 2024-12-31 Recent years have seen renewed interest in elites around the world and their interconnection with power privilege social stratification and social change The contributors to this edited volume explore the many facets of the role of elites in the political economy of Latin America their position within society their impact upon the economy and their influence within governing institutions The book demonstrates that in Latin America as in many other parts of the world structural change and movements toward more just inclusive and sustainable societies seem impossible without the involvement of elites at some level This raises important questions Under what conditions do elites push for reform How do elites react to societal and economic challenges and changes To what extent can popular classes successfully pressure elites Bringing together a selection of case studies covering different Latin American countries the book focuses on three key themes to address these questions first it explores how elites react to economic and societal challenges with some chapters looking at moments of change as well as measures taken by individual elites to alter the status quo Second it seeks to understand the interrelation between external and domestic factors that engender elite action including global markets geopolitics state institutions social forces and the internal structure of elite groups Third it reflects upon methodological

questions of studying elites in Latin America laying bare the potential pitfalls and offering possible routes to further inquiry This book will be vital reading for researchers in political economy development economics economic sociology and Latin American studies more broadly

Kampf der Eliten Cristóbal Rovira Kaltwasser, 2009-08-10 Der Elitebegriff hat besonders in den letzten Jahren Konjunktur und gewinnt fortlaufend an Brisanz Allerdings fehlt seinem Gebrauch meist die nötige Trennschärfe Hufig signalisiert er zum einen die Suche nach leistungsstarken gesellschaftlichen Führungskräften zum anderen drückt er Empörung über die Unfähigkeit der politischen Klasse aus Jenseits dieses Phänomens stellt sich die Frage nach dem theoretischen Gehalt des Elitebegriffes Inwiefern ist er relevant für die politische Theorie Worin liegt sein analytisches Potential Die Antwort dieses Buches lautet In der historisch vergleichenden Forschung die den Kampf um gesellschaftliche Führung zwischen Eliten in den Mittelpunkt der Analyse rückt Denn erst so lassen sich nationale Entwicklungspfade rekonstruieren anhand derer sich Konflikte zwischen Eliten und die Austragung dieser Konflikte herauskristallisieren Aus diesem Blickwinkel müssen Bildung und Erneuerung der Eliten als Prozesse von langer Dauer verstanden werden die entscheidend für die historische Entwicklung aller Gesellschaften sind Auf Grundlage dieser theoretischen Diskussion untersucht das Buch die Geschichte Lateinamerikas von der politischen Emanzipation von Europa bis zum ökonomischen Zusammenbruch von 1982 Dabei stehen Argentinien Brasilien Chile und Mexiko im Fokus so dass vier Länder im Detail vergleichend untersucht werden Der Autor lenkt den Blick auf die Frage inwiefern gemeinsame Probleme etwa die politische Unabhängigkeit von Europa die Formierung des Staates oder der Umgang mit der sozialen Frage von den jeweiligen Eliten eines Landes unterschiedlich wahrgenommen und gelöst worden sind Im Gegensatz zu europäischen Diskursen die Lateinamerika vielfach romantisieren andauernde Aufstände und Aufstieg charismatischer Führer oder degradieren permanente Korruption und Unterentwicklung bietet dieses Buch eine nüchterne Darstellung dieser komplexen Region Statt sie zu exotisieren wird demonstriert dass sich aus dem Kampf zwischen den jeweiligen Eliten wesentliche Weichenstellungen ergeben haben anhand derer sich historische Entwicklungspfade rekonstruieren lassen

[A Business History of Latin America](#) Andrea Lluch, Martín Monsalve Zanatti, Marcelo Bucheli, 2024-11-14 This edited volume constitutes the first available comprehensive business history of Latin America available in English It offers a unique synthesis of the development of capitalism in Latin America that takes into consideration the complexities of each country while simultaneously understanding broader commonalities With chapters written by a group of internationally renowned senior scholars with a long trajectory in business historical research the volume is divided into two major areas First the development of capitalism in some of the major economies of the region Argentina Brazil Chile Colombia Mexico and Peru through the lens of management strategic decisions and entrepreneurial activity And second the long term evolution of factors affecting the region's particular evolution of capitalism and business systems They include the rise of environmentally sustainable businesses the impact of crime on entrepreneurial activity the evolution of family firms the changing strategies of

multinational corporations in the region the evolution of business groups the role of female entrepreneurs and the challenges for conducting business in a region with poor infrastructure This insightful collection serves both as a straightforward introduction for those looking for a broad understanding of the region and for those interested in conducting comparative studies between Latin America and other areas of the world It will be of direct appeal to researchers and advanced students of business and economic history and international business in particular *Politics of Labor Reform in Latin America* Maria Lorena Cook,2010-11-01 Business Politics and the State in Twentieth-Century Latin America Ben Ross

Schneider,2004-08-16 Publisher Description Conservative Party-building in Latin America James Loxton,2021 Voice and Inequality is about conservative parties in Latin America James Loxton examines parties formed between 1978 and 2010 and tries to understand why some were more successful than others The main puzzle is the surprising connection between roots in dictatorship and success under democracy What allowed authoritarian successor parties in countries like Chile and El Salvador to succeed while those with more democratic origins in countries like Argentina and Guatemala failed It argues that this was not a coincidence the former inherited valuable resources from the old regime that helped them to thrive in the new

Right-Wing Politics in the New Latin America Francisco Dominguez,Doctor Geraldine Lievesley,Steve Ludlam,2011-11-10 The focus for students of Latin America in the past decade has been on the political forces of the left and the so called pink tide presidencies attempting to bring about social and economic change in the region However there has been far less attention paid to the rightwing political forces resisting such change Such opposition is being orchestrated by political parties business the private media and other social and cultural institutions and is linked to the soft power of US diplomacy In recent years its activities have often appeared to challenge the democratic process itself Based on a variety of original fieldwork and evidence this volume addresses the current trajectories of rightwing politics in Latin America in the face of leftist governments the discrediting of neoliberalism and the decline of US hegemony It includes chapters on US policy towards Latin America the role of US based think tanks the influence of transnational business and of the private media as well as offering country specific chapters on key states with rightwing governments and on opposition to left of centre governments in Venezuela Bolivia Cuba Brazil Paraguay Argentina and Chile A revealing and important book for anyone interested in contemporary Latin American politics Democracy and Capitalism in Turkey Devrim Adam Yavuz,2023-02-23

While a positive correlation between capitalism and democracy has existed in Western Europe and North America the example of late industrializing nations such as Turkey has demonstrated that the two need not always go hand in hand and sometimes the interests of business coincide more firmly with anti democratic forces This book explores the factors that compelled capitalists in Turkey to adopt a more pro democratic ideology by examining a leading Turkish business lobby T SIAD which has been pushing for democratic reform since the 1990s despite representing some of the largest corporation owners in Turkey and having supported the state s authoritarian tendencies in the past such as the military coup of 1980

Drawing on roughly 70 interviews with influential members of T SIAD and individuals close to them the book reveals that business leaders were willing to break away from the state due to the conflict between their evolving economic needs and power with a political elite and state that were unwilling to cater to their demands In so doing the book provides a rich account of business state relations in Turkey as well as providing a case study for the wider study of democracy and capitalism in developing nations Race and Regionalism in the Politics of Taxation in Brazil and South Africa Evan S.

Lieberman,2003-09 Table of contents

State-Building and Tax Regimes in Central America Aaron

Schneider,2012-03-12 In Central America dynamic economic actors have inserted themselves into global markets Elites atop these sectors attempt to advance a state building project that will allow them to expand their activities and access political power but they differ in their internal cohesion and their dominance with respect to other groups especially previously constituted elites and popular sectors Differences in resulting state building patterns are expressed in the capacity to mobilize revenues from the most dynamic sectors in quantities sufficient to undertake public endeavors and in a relatively universal fashion across sectors Historical quantitative and qualitative detail on the five countries of Central America are followed by a focus on El Salvador Honduras and Guatemala The greatest changes have occurred in El Salvador and Honduras has made some advances although they are almost as quickly reversed by incentives exemptions and special arrangements for particular producers Guatemala has raised revenues only marginally and failed to address problems of inequity across sectors and between rich and poor State-Business Alliances and Economic Development Işık

Özel,2014-08-07 This book argues that a key dynamic behind economic development in the emerging markets is the coordination between the state and businesses Exploring the links between institutions state business alliances and economic development in the context of tumultuous market transitions since the 1980s the book tackles the formation and sustainability of coordination inducing institutions besides their mere existence and points out the new modalities of coordination in the age of new developmentalism Based on extensive original research in Turkey and Mexico embedded in a comparative historical analysis the book shows how state business alliances have been formed collapsed and re formed between the respective states and shifting business actors since the launching of market transitions It demonstrates how both the state and business actors and their cohesiveness vs fragmentation play crucial roles in the making and sustainability of the institutions which are central to state business alliances It explores the emergence of new actors the diversification of the organizational landscape and the evolution of the ways in which the states interact with businesses throughout major economic and political transformations that helped transform the respective states and their interactions with the non state actors It draws on the meandering developmental trajectories of Turkey and Mexico from the 1970s to the present and goes on to draw some lessons for institution building and market reforms in selected countries in North Africa

Democratization Without Representation Kenneth C. Shadlen,2007-08-09 When countries become more democratic

new opportunities arise for individuals and groups to participate in politics and influence the making of policy But democratization does not ensure better representation for everyone and indeed some sectors of society are ill equipped to take advantage of these new opportunities Small industry in Mexico Kenneth Shadlen shows is an excellent example of a sector whose representation decreased during democratization Shadlen s analysis focuses on the basic characteristics of small firms that complicate the process of securing representation in both authoritarian and democratic environments He then shows how increased pluralism and electoral competition served to exacerbate the political problems facing the sector during the course of democratization in Mexico These characteristics created problems for small firms both in acting collectively through interest associations and civil society organizations and in wielding power within political parties The changes that democratization effected in the structure of corporatism put small industry at a significant disadvantage in the policy making arena even while there was general agreement on the crucial importance of this sector in the new neoliberal economy especially for generating employment The final chapter extends the analysis by making comparisons with the experience of small industry representation in Argentina and Brazil Shadlen uses extensive interviews and archival research to provide new evidence and insights on the difficult challenges of interest aggregation and representation for small industry He conducted interviews with a wide range of owners and managers of small firms state and party officials and leaders of business associations and civil society organizations He also did research at the National Archives in Mexico City and in the archives of the most important business organizations for small industry in the post World War II period

Private Equity and Financial Development in Latin America Ignacio Puente, 2022-02-01 Shallow capital markets are a key bottleneck for private sector development in Latin America Still there is not a large literature on capital markets and corporate governance or on the politics of regulatory reform and business associations focused on this region To help address this gap this new book introduces private equity into the financial development debate through a Latin American lens The author looks at the cases of Brazil Mexico Chile Colombia and Argentina And proposes a shift in the financial development discussion from institutional explanations focused only on rules to an actor based argument centered on the role of institutional investors in particular pension funds

Latin America Transformed Robert N Gwynne, Kay Cristobal, 2014-04-23 Praise for the first edition Accomplishes its task to provide readers with a broad multi disciplinary view on globalization s many impacts on Latin America the organization of the collection is logical and thoughtful and the structural perspectives offered are convincing and powerful I recommend it to other Latin American social scientists Growth and Change An impressive timely and lively volume which is especially valuable for teaching purposes Journal of Latin American Studies Authoritatively written by leading scholars in their respective fields Area Latin America Transformed 2nd Edition explains the region s economic political social and cultural transformations its association with globalization and the search for modernity and contributes to a greater understanding of how these transformations are affecting the people of Latin America Using a political economy

approach to unravel the concepts of globalization and modernity within Latin America emphasis is placed on interpreting the macro level structures that frame the transformations taking place The book also investigates the dynamics of people s livelihoods as they make sense of rework and live out these structural transformations The international team of authors involved with the successful first edition have updated their focus and substantially rewritten their material to examine the challenges facing Latin America in the twenty first century Three completely new chapters have also been added Latin America Transformed 2nd Edition is now even more useful for undergraduate and postgraduate courses that examine economic political social and cultural change in Latin America Emerging Market Democracies Laurence Whitehead,2003-05-22 The end of the Cold War the third wave of democratization and economic globalization have presented the newly industrialized countries of East Asia and the liberal democracies of Latin America with increasingly similar international opportunities and constraints During the 1980s Latin America made great strides in democratization while East Asia led the world in economic growth Are the two regions now converging toward a model that combines economic and political liberalization Many developments in both regions indicate that this is a serious possibility Although significant countertrends do exist there is now increased scope for mutual support and encouragement among aspiring democratic forces both within and between these two regions This book examines these interrelated issues paying special attention to the effects of the East Asian financial crisis of 1997 98 and its subsequent impact on Latin America Contributors Ananya Basu World Bank Francis Fukuyama School of Advanced International Studies Johns Hopkins University Stephan Haggard University of California San Diego Elizabeth M King World Bank Sanjay Marwah George Mason University Sylvia Maxfield Harvard University Eduardo Silva University of Missouri St Louis and University of Miami Gordon Redding University of Hong Kong Tun jen Cheng College of William and Mary Yun han Chu National Taiwan University Laurence Whitehead Oxford University **Challenges of Party-Building in Latin America** Steven Levitsky,James Loxton,Brandon Van Dyck,Jorge I. Domínguez,2016-10-13 This book presents a new and conflict centered theory of successful party building drawing on diverse cases from across Latin America

While this might not be the Organized Business Economic Change And Democracy In Latin America full book, it can give you a taste of the author's writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Organized Business Economic Change And Democracy In Latin America eBooks, including some popular titles.

FAQs About Organized Business Economic Change And Democracy In Latin America Books

What is a Organized Business Economic Change And Democracy In Latin America PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Organized Business Economic Change And Democracy In Latin America PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Organized Business Economic Change And Democracy In Latin America PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Organized Business Economic Change And Democracy In Latin America PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Organized Business Economic Change And Democracy In Latin America PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides

basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
