No Price Too Great Lee Solomon, 2008-11 In often raw emotional terms No Price Too Great tells the story of a Chinese business woman and an American lawyer who met and fell in love while they still lived in separate worlds The book presents the difficulties the hopes the dreams the fears and the sometimes crushing and overpowering feelings that were experienced when trying to bring three people from two totally different cultures into one family This book deals openly and candidly with how differences in age and race and culture between two lovers both before and after they became husband and wife impacted their lives It also shows the prejudice that exists in surprising places and in surprising ways even within the same race The daily chronicle of events after this family was finally together in America is heartwarming and refreshing It is also true and because it is told in first person just as it was written when the events happened it is hard to put the book down Ultimately this book tells the story of a love that would not be denied The story of an American man a Chinese woman and a Chinese girl whose bond became so strong that nothing could keep them from becoming a family Within this beautiful love story is the compelling and touching story about a teenage Chinese girl who had never known a father It tells how she came to love and accept a round eyed man who lived on another continent as her own father and how he in turn came to love her as his own daughter It also tells how in the end it was their devotion to each other and to the woman they both loved that helped overcome the most difficult obstacle they faced before they could finally fulfill their lifelong dream of having a warm and loving family
