Tom Evens,Paul Smith

Streaming Top Shows 2025:

Sports Media Rights in the Age of Streaming and Platformisation Tom Evens, Paul Smith, 2024-12-18 Against a backdrop of increased online distribution of media this book provides an in depth analysis of how the platformisation of television is both shaping and being shaped by the changing sports media market Beginning by looking at the business models and strategies of the major stakeholders involved in the sports broadcasting value chain the authors go on to focus on the challenges and opportunities posed by the growth of OTT delivery for the regulation of sports broadcasting in several key areas including copyright law and piracy competition issues linked to the buying selling and distribution of premium sports content and legislation designed to safeguard coverage of certain national and international sporting events for free to air television Key areas of continuity such as the persistence of national regional markets the importance attached to premium sports rights by rival delivery platforms as a source of market power and the need to update key areas of policy and regulation in order to address challenges posed by the use of OTT delivery are also discussed This book makes use of a range of international and regional examples and case studies not least the Olympic Games and the FIFA World Cup and identifies different strategies employed in the buying selling and distribution of sports rights for all major parties in the sports media value chain including new entrant OTT players traditional pay TV operators public service broadcasters and a range of international sports organizations Providing a complete assessment of the relevance and future effectiveness of key areas of policy and regulation in sports media distribution this book is recommended reading for advanced students and researchers of Sports Media Sports Management and Media Industries

The Content, Impact, and Regulation of Streaming Video Eli Noam, 2021-01-29 Along with its interrelated companion volume *The Technology Business and Economics of Streaming Video* this book examines the next generation of TV online video It reviews the elements that lead to online platforms and video clouds and analyzes the software and hardware elements of content creation and interaction and how these elements lead to different styles of video content

Global Perspectives on Indigenous Film and Literature Amar Ramesh Wayal, A. P. Anupama, 2025-09-22 This edited volume comprehensively explores narrative survival in Indigenous film and literature forging a literary and transitional approach to native writing It navigates the evolution of Indigenous voices spanning the oral tradition and literary forms from colonial times to the present It covers a range of issues related to indigenous inequalities and diversities in film and literature With chapters from global perspectives including North America Canada New Zealand and South Asia it ensures an inclusive exploration of indigenous narratives The diverse chapters address topics such as the aboriginal experience residential school legacy the invisible nation of Algonquins tribal songs decolonial futures caste survival narrative trauma and other marginalized groups such as low castes linguistic minorities and Adivasis tribals The book focuses on innovative concepts to understand the study of a particular indigenous group in isolation from others and more than the conventional comparative study of different indigenous groups It deals with the challenges of

achieving local indigenous rights and identities It is a valuable resource for social science and humanities scholars particularly for indigenous scholars development professionals and administrators interested in the issues related to social diversity and indigeneity in a global setting [Media Today](#) Joseph Turow,2022-09-13 This eighth edition of Joseph Turow's pathbreaking media textbook uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world It teaches students to think critically about the role of media and what these changes mean for their lives The book's media systems approach helps students to look carefully at how media content is created distributed and exhibited in the new world that the digital revolution has created From news media to video games and social networking to mobile platforms it provides students with the tools they need to understand and critique the media they encounter and consume The first part examines the media world as a whole while the second delves deep into key media industries such as the movie television and video game industries This new edition includes critical expanded coverage of social media new forms of both audio and audiovisual media and international case studies as well as updated figures tables and pedagogy including key terms and further activities Media Today is an excellent introduction to the world of media in the digital age perfect for students seeking a solid grounding in media studies Extensive pedagogical materials also make this a highly teachable book well suited to the classroom The accompanying website has also been updated with new student and instructor resources including chapter recaps recommended readings and instructor's manual For more information on the changes in this latest edition please click here [Forest and Stream](#) ,1874
