The Sign in Sidney Brustein's Window Lorraine Hansberry, 2012-02-22 From the award winning author of *A Raisin in the Sun* comes one of the most electrifying classic masterpieces of the American theater an unforgettable portrait of a man struggling with his individual fate in an age of racial and social injustice Rich and warm and funny beautifully written Los Angeles Times *The Sign in Sidney Brustein's Window* along with *A Raisin in the Sun* are milestones in the American theater remarkable not only for their historical value but for their continued ability to engage the imagination and the heart It is drama of such clarity that one may return to it again and again and I expect emerge as deeply moved and each time the more illumined Miss Hansberry I am convinced doesn't know how to create a character who isn't gloriously diverse illuminatingly contradictory heart breakingly alive A personal odyssey of discovery a confrontation with others in the process of which Brustein discovers himself from the Foreword by John Braine With an Introduction by Robert Nemiroff *Red Stream* Paul Tracy, 2013-03-28 Max paused and bent his head at an angle to get a better look That was wine a leak coming from one of the vats not much a dribble but definitely a leak wending its way across the slightly sloping floor of the cellar into the gutter running down the middle He walked briskly towards it then stopped catching his breath The shiny black shoes stuck out foolishly into the alley just below the blue overalls Pierre Berton a youngish man with sandy hair lay on his side with a sad expression on his face The red stream gently seeping across the cellar floor was not wine This macabre discovery in a wine cellar in south west France is the beginning for Max Christian winemaker extraordinary of a chase to uncover a huge network of wine fraud with worldwide tentacles The pursuit takes him to Provence London Italy and California with the increasing feeling that he is gradually turning from the hunter into the hunted But in that case who are the hunters Written by an insider *Red Stream* is an amazing thriller that perfectly takes advantage of its unusual background Highly recommended for everyone a must have for all wine lovers

Turbulence In Coastal And Civil Engineering B Mutlu Sumer, David R Fuhrman, 2020-03-23 This book discusses the subject of turbulence encountered in coastal and civil engineering The primary aim of the book is to describe turbulence processes including transition to turbulence mean and fluctuating flows in channels pipes and in currents wave boundary layers including boundary layers under solitary waves streaming processes in wave boundary layers turbulence processes in breaking waves including breaking solitary waves turbulence processes such as bursting process and their implications for sediment transport flow resistance in steady and wave boundary layers and turbulent diffusion and dispersion processes in the coastal and river environment including sediment transport due to diffusion dispersion Both phenomenological and statistical theories are described in great detail Turbulence modelling is also described and several examples for modelling of turbulence in steady flow and wave boundary layers are presented The book ends with a chapter containing hands on exercises on a wide variety of turbulent flows including experimental study of turbulence in an open channel flow using Laser Doppler Anemometry Statistical correlation

and spectral analysis of turbulent air jet flow Turbulence modelling of wave boundary layer flows and numerical modelling of dispersion in a turbulent boundary layer a set of exercises used by the authors in their Masters classes over many years Although the book is essentially intended for professionals and researchers in the area of Coastal and Civil Engineering and as a text book for graduate post graduate students the contents of the book will however additionally provide sufficient background in the study of turbulent flows relevant to many other disciplines such as Wind Engineering Mechanical Engineering and Environmental Engineering **Chlordane in the Marine Environment of the United States** Gary

Shigenaka,1990 **Ryan Murphy's Queer America** Brenda R. Weber,David Greven,2022-05-18 Ryan Murphy is a self described gay boy from Indiana who has grown up to forge a media empire With an extraordinary list of credits and successful television shows movies and documentaries to his name Murphy can now boast one of the broadest and most successful careers in Hollywood Serving as writer producer and director his creative output includes limited run dramas such as Feud Ratched and Halston procedural dramas such as 9 1 1 and 9 1 1 Lonestar anthology series such as American Crime Story American Horror Story and American Horror Stories sit coms such as The New Normal and long running serial narratives such as Glee Nip Tuck and Pose Each of these is infused in different ways with a distinctive form of queer energy and erotics animating their narratives with both campy excess and poignant longing and giving new meaning to the American story This collection takes up Murphy as auteur and showrunner considering the gendered and sexual politics of Murphy s wide body of work Using an intersectional framework throughout an impressive list of well known and emerging scholars engages with Murphy s diverse output while also making the case for Murphy s version of a queer sensibility a revised notion of queer time cultural memory and the contributions his own production company makes to a politics of LGBTQ representation and evolving gender identities This book is suitable for students of Gender and Media LGBTQ Studies Media Studies and Communication Studies **Media Libraries in an Age of Unending Consumption** Mike Van Esler,2023-10-24 As the home video market upended traditional film industry models media libraries emerged as important sources of ancillary revenue The inflection point for media library exploitation came in 2007 when Netflix launched its streaming service relying on extensive licensing of film and television libraries to grow its subscriber base In this book Mike Van Esler examines how media libraries and business models have evolved since the home video era with particular emphasis placed on the streaming age of the past fifteen years Van Esler argues that media libraries have grown beyond their usages from the pre home video era to become central to today s corporate media strategy By studying the ways in which media library exploitation has scaled up since the turn of the new millennium the author identifies insights into larger media industry trends Ultimately this book explores the intersection of corporate media independent distributors private equity tech companies and audiences Scholars of media studies business and sociology will find this book of particular interest
