D. Costen,1997-11-15 A compelling introduction to the war against the heretics of Languedoc launched in 1209 combined with a description of the political economic religious and social conditions of south western France in the twelfth and thirteenth centuries Michael Costen shows why the Cathar heresy came to flourish and how the campaign against it developed into a programme of conquest by which an alliance of church and state finally destroyed the heresy and united the region with the newly expanding French kingdom **The Lost Teachings of the Cathars** Andrew Philip Smith,2015-11-19 Centuries after their brutal slaughter by the northern French forces and their suppression by the inquisition the Cathars continue to exert a powerful influence on both popular culture and spiritual seekers But what did they really believe and practise Tourists flock to the Languedoc to visit Cathar Country yet few people know anything of the beliefs of the Cathars beyond vague notions that they believed in reincarnation were vegetarians were somehow Gnostic and has some relation to Mary Magdalene The Lost Teachings of the Cathars explores the history of this Christian dualist movement between the 12th and 14th centuries offering a sympathetic yet critical examination of its beliefs and practices [Medieval Mysteries](#) Karen Ralls,2014-03-01 Journey into twelve of the world s favorite medieval mysteries and cross the threshold into the world of the High Middle Ages From Chaucer s Canterbury Tales to Umberto Eco s Name of the Rose to Dan Brown s bestselling The Da Vinci Code the medieval period continues to intrigue inspire entertain and fascinate many today This is a book for the general reader and specialist alike Medieval expert former Rosslyn Chapel museum exhibition curator and bestselling author Dr Karen Ralls guides the reader through the key historical facts legends and lore affiliated places and major symbolism of 12 popular medieval enigmas providing a lively introductory portal which includes some of the lesser known sidelined or unacknowledged aspects of each of these enduring topics The story of each subject comes alive as never before providing a solid introduction for all readers as well as further suggested resources for teachers and researchers Also included are photographs a recommended reading section maps a list of the key major sites associated with each topic and a full bibliography Topics covered include King Arthur Merlin and Glastonbury The Grail Quest Mary Magdalene The real meaning of Black Madonnas The Knights Templar the Cathars and Rosslyn Chapel Medieval Guides and Troubadours Heresy and Heretics **The Gnostic Bible** Willis Barnstone,Marvin Meyer,2009-06-30 A collection of Gnostic texts spanning centuries geographical locations and cultural traditions a wonderful achievement Elaine Pagels author of The Gnostic Gospels

Gnosticism was a wide ranging religious movement of the first millennium CE with earlier antecedents and later flourishings whose adherents sought salvation through knowledge and personal religious experience Gnostic writings offer striking perspectives on both early Christian and non Christian thought For example some gnostic texts suggest that god should be celebrated as both mother and father and that self knowledge is the supreme path to the divine Only in the past fifty years has it become clear how far the gnostic influence spread in ancient and medieval religions and what a marvelous body of scriptures it produced The selections gathered here in poetic readable translation represent Jewish Christian Hermetic Mandaean Manichaeism Islamic and Cathar expressions of gnostic spirituality Their regions of origin include Egypt the Greco Roman world the Middle East Syria Iraq China and France Also included are introductions notes an extensive glossary and a wealth of suggestions for further reading

The Early Kabbalah Joseph Dan, Ronald C. Kiener, 1986 Here are previously unavailable texts including The Book Bahir and the writings of the Iyyum circle that were written during the first one hundred years of this movement that was to become the most important current in Jewish mysticism This movement began in the late 12th century among Rabbinic Judaism in southern Europe

Cathars in Question Antonio C. Sennis, 2016 The question of the reality of Cathars and other heresies is debated in this provocative collection

Gnosticism and the History of Religions David G. Robertson, 2021-08-12 Building on critical work in biblical studies which shows how a historically bounded heretical tradition called Gnosticism was invented this work focuses on the following stage in which it was essentialised into a sui generis universal category of religion At the same time it shows how Gnosticism became a religious self identifier with a number of sizable contemporary groups identifying as Gnostics today drawing on the same discourses This book provides a history of this problematic category and its relationship with scholarly and popular discourse on religion in the twentieth century It uses a critical historical method to show how and why Gnosis Gnostic and Gnosticism were taken up by specific groups and individuals practitioners and scholars at different times It shows how ideas about Gnosticism developed in late nineteenth and twentieth century scholarship drawing from continental phenomenology Jungian psychology and post Holocaust theology to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world David G Robertson challenges how scholars interact with the category Gnosticism and contributes to our understanding of the complex relationship between primary sources academics and practitioners in category formation

of Gnostic doctrine and history *Cathar Truth* Beverley E. Gould,2018-08-17 This is the story of my encounter with a monk from a shared past life in the thirteenth century His message to me was I want you to remember the Gilded Rose It could be useful for you now We were the Pure Ones who were rent asunder for official gain in the Languedoc South France We were put to the rack in the Inquisition It was not your fault I love you I forgive you and I want you to be happy My thirty five years of research of the fascinating life and times origins and beliefs of these Pure Ones known as Cathars are detailed in this book They were taught by Mary Magdalene in the first century and persecuted by the church of Rome in a forty year Crusade ending in their ultimate defeat at Montsegur in 1244 This book is my tribute to all those thousands if not millions of good Christians Cathars who stood fast for their truth in the face of certain death It leads you into understanding their relationship to Jesus and Mary Magdalene the Holy Grail the Troubadours the Shroud of Turin the Knights Templar the Ark of the Covenant the Sacred Feminine and more This deeply researched book will enrich your spiritual life and give you insights into the beliefs and gentleness of a hitherto unknown world the Church of Love brutally suppressed by the medieval Church of Rome because they refused to obey the Roman Church s man made rules **Abstracts of The Collected Works of C. John the Baptist and the Last Gnostics Andrew Philip Smith,2016-08-16 This fascinating study of the Mandeans of Iraq considered the last of the Gnostics traces their history back to John the Baptist and the days of early Christianity Among the casualties of western intervention in Iraq and ISIS are the Mandeans of Southern Iraq These peace loving people are now fleeing to the west They are the last Gnostics the only surviving remnant of the ancient sects who taught the direct knowledge of God created their own gospels and myths and were persecuted as heretical by the church in the second and third centuries The Mandeans place weekly river baptisms at the center of their religious life and the primary exemplar of their religion is none other than John the Baptist So what is the real history of this mysterious and long lived sect Can the Mandaean peoples really be traced back to the first century And who was John the Baptist This book follows the history of the Mandeans from their present plight back through their earliest encounters with the West their place in Islamic counties their possible influence on the Templars back to their origins as a first century baptismal sect connected to John the Baptist and beyond *Sigils, Seals and Pentacles: Illustrated Guide to the Graphic Design of Ceremonial Magic* M. B.

Jackson,2024-01-01 Sigils seals and pentacles are occult devices used in ceremonial magic as part of the invocation and evocation of angels demons and other spirits They were developed out of ritual magic a mixture of Greco Egyptian Hermeticism Arabic Astrology and Jewish Cabala in the 10th century Medieval Europe These forms of magic practice were raised to the level of a science and studied as such during the Renaissance Magicians recorded their designs in magical training books called grimoires such as The Key of Solomon and many others Four centuries later modern interpretations of

such designs continue to feature in post modern grimoires such as the Necronomicon This collection of occult designs is a fascinating insight into the inner world of the magician and the entities he may call on for better or worse 105 Esoteric Traditions of the World — Book II: Forbidden Paths and Dangerous Teachings of the Hidden Orders: Cathars, Yezidis, Sethian Gnostics, Aghori, Left-Hand Tantra, Taoist Thunder Magic, Umbanda, Vodou, Qalandari Sufis, Mazatec Mushroom Path Laing Z. Matthews,2025-09-20 Not all sacred knowledge is safe Some teachings have been silenced outlawed or forced into disguise not because they are false but because they overturn the structures of control Dangerous Teachings gathers fifteen lineages whose survival has depended on secrecy exile and the courage of those willing to carry wisdom that could not be spoken aloud Across continents and centuries these traditions have been branded as heresy magic or madness Yet within them lie precise spiritual technologies ways of seeing healing and awakening that confront the deepest fears of empire orthodoxy and conformity This is not sensationalism It is the reality of what happens when the sacred refuses to bow to power In these pages you will meet visionaries ascetics and mystics who kept the thread alive under threat of prison exile or death Native American Church peyote roadmen keeping the night fire through prohibition Romani dream readers decoding fate under centuries of persecution Siberian dreamwalkers retrieving lost souls when the state outlawed shamanism Dagara diviners in West Africa speaking with elements and ancestors against the tide of colonial erasure Kalachakra adepts preserving the Wheel of Time tantra through the destruction of Tibet Forest Therav da monks disappearing into wilderness to escape religious bureaucracy Essene breath mystics whose desert rites survived in fragments Golden Dawn adepts using ritual as a science of transformation not spectacle Assyrian Christian mystics guarding the Aramaic breath of Christ through genocide Each chapter follows the same initiatory pattern the core teaching of the tradition the spiritual condition it addresses its inner technology of practice its symbol or image and the key danger it faces whether distortion commodification or outright destruction Every section closes with a living practice the reader can try and an image or parable to seal the teaching in memory Dangerous Teachings is not a handbook for dabblers It is a map for those who understand that real wisdom demands responsibility and sometimes risk This is not the marketplace version of spirituality stripped of its teeth It is the unsoftened unlicensed transmission of currents that have survived precisely because they refused to be made safe Volume II continues the work begun in Guardians of the First Flame shifting from primordial traditions to those forced underground by direct suppression Together the seven volumes of Esoteric Traditions of the World form an ark of memory rescuing not just facts but the living essence of ways of knowing that might otherwise vanish If you read this book you step into that ark You take on a share of the responsibility to remember And perhaps if the time comes to pass the fire on **The Everything Mary Magdalene Book** Meera Lester,2006-02-07 With The Everything Mary Magdalene Book you ll unravel the mystery of the Bible s most misunderstood woman As an eyewitness to Jesus resurrection and the turbulent birth of Christianity Mary Magdalene played a crucial yet unexamined role in the Bible until now In this

comprehensive investigative guide to the life of Mary Magdalene you ll explore Complete and concise analyses of Mary Magdalene in the New Testament Mary Magdalene s appearance in the Gnostic gospels The shaky basis for the interpretation of Mary Magdalene as a repentant prostitute The modern discoveries and representations of Mary Magdalene as a vital follower of Jesus early movements Mary Magdalene s inspirational role in the world today From her misrepresentation as a fallen woman to her growing impact on modern Christianity The Everything Mary Magdalene Book details the Bible s most enigmatic of Jesus followers putting some myths to rest and bringing the truth to light **DHHS Publication No. (ADM).** ,1978 **The Glory of the Invisible God** Andrei Orlov,2019-12-26 Andrei Orlov examines early Christological developments in the light of rabbinic references to the two powers in heaven tracing the impact of this concept through both canonical and non canonical material Orlov begins by looking at imagery of the two powers in early Jewish literature in particular the book of Daniel and in pseudepigraphical writings He then traces the concept through rabbinic literature and applies this directly to understanding of Christological debates Orlov finally carries out a close examination of the two powers traditions in Christian literature in particular accounts of the Transfiguration and the Baptism of Jesus Including a comprehensive bibliography listing texts and translations and secondary literature this volume is a key resource in researching the development of Christology *The Cathars* Malcolm Barber,2017-10-03 In the second half of the twelfth century the Catholic Church became convinced that dualist heresy was taking root within Christian society and that it was particularly strong in southern France The nature and extent of this heresy and the reaction of the Church to the perceived threat have been the focus of extensive research since the mid nineteenth century research which has become especially intense in the last decade Malcolm Barber s second edition of *The Cathars* which first appeared in 2000 brings readers up to date with the challenges to previous conclusions of recent scholarship At the same time the wider implications of the subject remain relevant most importantly the fundamental questions raised by the belief in the existence of evil the ethical problems presented by the use of coercion to suppress forms of dissent believed to threaten the social and religious fabric and the distortion of the past to underpin present day policies and arguments **Outsider Theory** Jonathan Eburne,2018-09-18 A vital and timely reminder that modern life owes as much to outlandish thinking as to dominant ideologies What do the Nag Hammadi library Dan Brown s *The Da Vinci Code* speculative feminist historiography Marcus Garvey s finances and maps drawn by asylum patients have in common Jonathan P Eburne explores this question as never before in *Outsider Theory* a timely book about outlandish ideas Eburne brings readers on an adventure in intellectual history that stresses the urgency of taking seriously especially in an era of fake news ideas that might otherwise be discarded or regarded as errant unfashionable or even unreasonable Examining the role of such thinking in contemporary intellectual history Eburne challenges the categorical demarcation of good ideas from flawed wild or bad ones addressing the surprising extent to which speculative inquiry extends beyond the work of professional intellectuals to include that of nonprofessionals as well whether

amateurs unfashionable observers or the clinically insane Considering the work of a variety of such figures from popular occult writers and gnostics to so called outsider artists and pseudoscientists Eburne argues that an understanding of its circulation and recirculation is indispensable to the history of ideas He devotes close attention to ideas and texts usually omitted from or marginalized within orthodox histories of literary modernism critical theory and continental philosophy yet which have long garnered the critical attention of specialists in religion science studies critical race theory and the history of the occult In doing so he not only sheds new light on a fascinating body of creative thought but also proposes new approaches for situating contemporary humanities scholarship within the history of ideas However important it might be to protect ourselves from bad ideas Outsider Theory shows how crucial it is for us to know how and why such ideas have left their impression on modern day thinking and continue to shape its evolution
