Meditations On Masonic Symbolism Masonic Symbols:

Meditations on Masonic Symbolism John R. Heisner, 2006-07 Freemasonry has often been described as a secret society owing to the fact that it uses certain symbols to instruct upon a deeper knowledge about mankind's relationship with God. The variety of charities supported by this ancient fraternity comprised of millions of men and women are well known and easily recognizable. There is nothing secret about Freemasonry's love for humanity. Among the very few secrets it does maintain is the ancient knowledge about mankind's relationship to God concealed with such recognizable Masonic symbols as the Square and Compass. This is fully explained in *Meditations on Masonic Symbolism*. Cover **Meditations on Masonic Symbolism**, 2013-02-28

Freemasonry has often been described as a secret society owing to the fact that it uses certain symbols to instruct upon a deeper knowledge about mankind's relationship with God. The variety of charities supported by this ancient fraternity comprised of millions of men and women are well known and easily recognizable. Children's hospitals are operated by Shriners throughout the world. Speech therapy centers, educational grants, eye care foundations, and homes for the aged are funded and operated by Scottish Rite Masons. Knights Templar and Grand Lodges everywhere they are situated. There is nothing secret about Freemasonry's love for humanity. Among the very few secrets it does maintain is the ancient knowledge about mankind's relationship to God concealed with such recognizable Masonic symbols as the Square and Compass. This is fully explained in *Meditations on Masonic Symbolism*. **Advanced Meditations on Masonic Symbolism**

John R. Heisner, 2007-12 While Freemasonry does not promote any particular religion, it leaves the choice of religion to the discretion of each Mason. Bearing a close relationship to Hermetic philosophy, Freemasonry uses symbols of tools to impart ancient truths about man's relationship to God. *Advanced Meditations on Masonic Symbolism* continues from where *Meditations on Masonic Symbolism* ended and explores the practical application of various philosophies to everyday life. Freemasonry seeks to remind mankind about its better nature. If you wish to know the Masons' secrets about happiness, faith, hope, and charity, you will learn them here. If you care to learn how men thousands of years ago met the challenges they faced in their daily lives, you will find this book enlightening. If you care to know how you can improve yourself in all aspects of your own life, you will find the answers as you explore the advanced lessons concealed within Masonic symbolism. *Distant Peaks: 100 Masonic Meditations on the Writings of Marcus Aurelius*

civilization and the ontological potential of humanity It allows the reader to delve into a creative rediscovery of Platonism medieval Christian mystics and scholars writings and various illuminist systems from the Orphic mystical cult to the European Enlightenment and thence to the eighteenth century Illuminati fraternities and beyond Moreover the book studies major issues in the history of philosophy politics and esoteric systems such as Hermeticism the Kabbalah alchemy the Rosicrucian movement Freemasonry and the Bavarian Illuminati It maintains that a postmodern rediscovery of premodern metaphysics specifically a postmodern esoteric theocracy as distinct from old sacerdotalism and religious formalism is the best bulwark against oppression and the ontological degradation of humanity as well as the best path to the attainment of that wisdom and spiritual self knowledge which constitute the existential integration and completion of the human being In this context it proposes a peculiar and intellectually fecund synthesis between Tory Anarchism Libertarianism Platonism and Byzantine Hesychasm as they are elucidated here
