Meditations Experiences Other Writings Quakers:

Living Fountain Benjamin Wood, 2023-05-26 In the second decade of the twenty first century Quakers are increasingly divided over matters of theology religious belonging and the status of Friends Christian past Recent controversies over Theism Non Theism and Universalism have highlighted deep rooted transformations of Quaker self understanding In contrast to earlier decades many contemporary Quakers hanker after an intensely inclusive community unhampered by the particulars of Christian theology Many British Friends no longer see the Quaker movement as an expression of the Gospel nor a manifestation of the Universal Church What might Friends be missing by re imagining Quakerism in these resolutely post Christian terms Author Benjamin Wood argues that far from limiting the bounds of Quaker identity a selective return to Quakerism s seventeenth century roots can restore to modern Liberal Friends a shared story capable of deepening their spiritual life and worship practice Based neither on doctrinal agreement nor inflexible religious borders the Quaker narrative recovered in *The Living Fountain* Remembrances of Quaker Christianity is drawn together by sacred experiments in mutual love and enduring hope Through a series of extended reflections on God Jesus and the language of salvation Wood seeks to uncover a dynamic faith ncommitted to universal healing reconciliation and the crossing of religious and cultural boundaries At the centre of this retrieval is the insistence that the God revealed in Quaker worship cherishes our differences and delights in our diversity *An Encounter Between Quaker Mysticism and Taoism in Everyday Life* Cho-Nyon

Kim, 2018-07-10 In this lecture Cho Nyon Kim explores his spiritual journey in the Korean religious environment in which Confucianism Buddhism Taoism and Christianity have all influenced cultural practices and been integrated into daily life He is inspired by the life and thoughts of Ham Sok Hon a prominent Korean peace activist and Quaker He asks how we can live a simple life in a complex world He wants to focus on how we can create a peaceful society in the face of nationalism and self centredness Quakerism has similarities to Taoism in its mysticism and its sense of waiting in a meditative way Cho Nyon Kim concludes that he must lead his life in the manner of those who always seek truth with an open mind *Joseph Pilmor, the Quaker Soldier: and Other Stories* Joseph Pilmor, Author of Tibbie the charwoman, 1873 **The Quaker World** C. today What is it for and how can we use it Inspired by the fiery writings of early Quakers such as George Fox and Margaret Fell this book calls on their advice to go within and wait adapting it to create a modern relatable method for finding stillness and peace This meditation is for us to use however we most need it whether to explore and heal the self and others or to help us be more effective in the wider world *Quaker Constitutionalism and the Political Thought of John Dickinson* Jane E. Calvert, 2009 This book traces the theory of Quaker constitutionalism from the early Quakers through Founding Father John Dickinson to Martin Luther King Jr **The Spirit of the Quakers** Geoffrey Durham, 2010-11-16 Who are the Quakers what do they believe and what do they practice The Religious Society of Friends also known as Quakers believes that everyone can have a direct experience of God Quakers express this in a unique form of worship that inspires them to work for change in themselves and in the world In *The Spirit of the Quakers* Geoffrey Durham himself a Friend explains Quakerism through quotations from writings that cover 350 years from the beginnings of the movement to the present day Peace and equality are major themes in the book but readers will also find thought provoking passages on the importance of action for social change the primacy of truth the value of simplicity the need for a sense of community and much more The quoted texts convey a powerful religious impulse courage in the face of persecution the warmth of human relationships and dedicated perseverance in promoting just causes The extended quotations have been carefully selected from well known Quakers such as George Fox William Penn John Greenleaf Whittier Elizabeth Fry and John Woolman as well as many contemporary Friends Together with Geoffrey Durham's enlightening and sympathetic introductions to the texts the extracts from these writers form an engaging often moving guide to this accessible and open hearted religious faith *Contemplative Literature* Louis Komjathy, 2015-08-31 An anthology of primary texts on meditation and contemplative prayer from a wide range of religious traditions This is the first theoretically informed and historically accurate comparative anthology of primary texts on meditation and contemplative prayer Written by international experts on the respective texts and corresponding traditions *Contemplative Literature* provides introductions to and primary sources on contemplative practice from various religious traditions The contributors explore classical Daoist apophatic meditation Quaker silent prayer Jewish Kabbalah Southern Buddhist meditation Sufi contemplation Eastern Orthodox prayer Pure Land Buddhist visualization Hindu classical Yoga Dominican Catholic prayer Daoist internal alchemy and modern therapeutic meditation Each introduction to a contemplative text discusses its historical context the associated religious tradition and literature the method of contemplative practice and the text's legacy and influence Volume editor Louis Komjathy opens the work with a thoughtful consideration of interpretive issues in the emerging interdisciplinary field of contemplative studies Readers will gain not only a nuanced understanding of important works of contemplative literature but also resources for understanding contemplative practice and contemplative experience from a comparative and cross cultural perspective We have not seen anything this bold and this global since Friedrich Heiler wrote his classic study on the typology of prayer over eighty years ago Komjathy and his essayists have

vastly expanded the scope depth and sophistication of this project here In the process they have struggled with all of the critical questions around religious pluralism tradition and religious authority and have emboldened the comparative project itself Contemplation and comparison it turns out go very well together Jeffrey J Kripal author of Comparing Religions Coming to Terms Teachers and scholars undergraduate and graduate students and general readers interested in contemplative practice will cherish a book like this I m happy that Louis Komjathy has done this great work It will undoubtedly be hailed as a milestone Ruben L F Habito author of Healing Breath Zen for Christians and Buddhists in a Wounded World

Writing God and the Self Sharon Jebb,2011-05-01 Contemporary literature has for several decades and in various guises been dominated by questions of identity and the self It has been forgotten that until the Enlightenment theological reflection emphasized the close connectedness of the self with God knowledge of God is essential to knowledge of the self and vice versa correct knowledge of the self is a necessary correlate to true knowledge of God This has been called the double knowledge *Writing God and the Self* examines two literary texts and lives as representative of two antithetical positions The first represented by Samuel Beckett s life and his *Three Novels* is that the self is independent of God the second represented by C S Lewis and *Till We Have Faces* is that God and the self are intimately connected Beckett s radical apophaticism about God is shown to be tied to his extreme apophaticism about the self whereas Lewis s sense of selfhood is demonstrated to be integrally connected to his sense of a personal and self transcending God Other voices Augustine Teresa of Avila Charles Taylor Rowan Williams Mark McIntosh and Vladimir Lossky join the chorus of theologians psychologists and other thinkers past and present that contribute to this exploration of what Christian theology has to say about the insistent problem of the self Taken together all these voices articulate a powerful vision of selfhood in relation to God that is desperately needed today

American Christian Programmed Quaker Ecclesiology Derek Brown,2024-02-06 In *American Christian Programmed Quaker Ecclesiology* Derek Brown argues that American Christian Programmed Quakerism has inherited a practical and pragmatic ecclesiology at the expense of an ontological understanding of the church Inspired by the work of Gerben Heitink Brown proposes a normative deductive ontological ecclesiology based

on the biblical concept of koinonia which would act as a foundational model for future confessional empirical and practical efforts To help form the proposed ecclesiology Brown explores the ecclesiological views of George Fox and Robert Barclay the adoption of the pastoral system and the emergence of the Evangelical Friends Church The ecclesiological writings of Miroslav Volf Wolfhart Pannenberg Hans K ng Jennifer Buck and C Wess Daniels are also surveyed *Transcendent in America* Lola Williamson,2010-01-01 Yoga karma meditation guru these terms once obscure are now a part of the American lexicon Combining Hinduism with Western concepts and values a new hybrid form of religion has developed in the United States over the past century In *Transcendent in America* Lola Williamson traces the history of various Hindu inspired movements in America and argues that together they constitute a discrete category of religious practice a distinct and identifiable form of new religion Williamson provides an overview of the emergence of these movements through examining exchanges between Indian Hindus and American intellectuals such as Thomas Jefferson and Ralph Waldo Emerson and illuminates how Protestant traditions of inner experience paved the way for Hindu style movements acceptance in the West Williamson focuses on three movements Self Realization Fellowship Transcendental Meditation and Siddha Yoga as representative of the larger of phenomenon of Hindu inspired meditation movements She provides a window into the beliefs and practices of followers of these movements by offering concrete examples from their words and experiences that shed light on their world view lifestyle and relationship with their gurus Drawing on scholarly research numerous interviews and decades of personal experience with Hindu style practices Williamson makes a convincing case that Hindu inspired meditation movements are distinct from both immigrant Hinduism and other forms of Asian influenced or New Age groups

forgotten Christian tradition of contemplative thinking **Against the Hounds of Hell** Peter Eisenstadt, 2021-02-23 An inspiration to Martin Luther King Jr James Farmer and other leaders of the civil rights movement Howard Thurman was a crucial figure in the history of African Americans in the 20th century Until now however he has not received the biographical treatment he deserves In *Against the Hounds of Hell* Thurman scholar Peter Eisenstadt offers a fascinating exploration of the life of this religious thinker and activist Thurman s life was as notable for its remarkable variety as its accomplishments The first significant African American pacifist Thurman was the first African American to meet Mahatma Gandhi An early and outspoken feminist environmentalist and advocate for social and economic justice he was one of the first and most insistent mid twentieth century proponents of racial integration At the same time he was a key figure in the emergence of mysticism and spirituality as an alternative to formal religion Thurman dedicated his career to challenging what he called the hounds of hell the ways in which fear deception and hatred so often dogged the steps of African Americans and the marginalized and disinherited peoples of the world This biography will at last establish this multifaceted historical personage as a leading figure of twentieth century American politics religion and culture
