Messages from the Afterlife Mark Ireland, 2013-12-10 A father watches his teenage son step out the door on a hiking trip not knowing that this is the last time he would see him A journal of grief despair and ultimately hope this book tells the story of every parent s nightmare the sudden death of a child and a father s search for meaning in a seemingly random world of psychics and skeptics Expanding on territory covered in his 2008 memoir of his son s death *Soul Shift Messages from the Afterlife* is both an account of Ireland s journey from indifference to belief and an overview of the resources available to the bereaved to help them receive messages from the afterlife Mark Ireland son of celebrated psychic to the stars Dr Richard Ireland was a successful marketing executive in Arizona with little interest in his father s colorful history While his father held readings for Mae West and traveled the U S demonstrating his parapsychological powers Mark Ireland took a more conventional route through life But when his own teenage son Brandon suddenly dies while hiking in the mountains with friends Ireland is forced to confront his resistance to all things spiritual and begins to explore the possibility that communication with the dead is real In his search for conclusive evidence of life after death he plunges into his father s world and meets an array of respected psychic mediums who deliver unexpected messages not only from his son in the afterlife but also from many other souls seeking to communicate with the living Fighting to retain a sense of critical thinking Ireland also contacts scientists conducting research into the survival of consciousness after death The book features detailed accounts of tests and experiments that various people have conducted to obtain proof of consciousness survival including Ireland s own involving a secret message left behind by his sister Robin who died of pancreatic cancer The contents of this message were unknown to any living person and remained sealed in an envelope untouched until responses had been received from a group of qualified mediums who sought to crack the code *Messages from the Afterlife* shows how spirit communication can be both undeniably accurate and frustratingly ambiguous and above all demonstrates the value of having an open receptive mind while maintaining faith in the indestructibility of the human

spirit **The New Road: and the Paradigm.** Peter Dodd Cooper, DSc, PhD, 2022-08-01 Peter Dodd Cooper's book *The New Road and the Paradigm* is both a spiritual memoir and a series of scientific articles on his own exploration of the nature of consciousness and of reality itself. As a scientist, he brings credibility to this book with his credentials from a long and productive scientific career. From this vantage point, he then explores topics that don't fit into our current materialist paradigm, looking deeper to see if he can find more satisfying answers. After exploring the mysteries of quantum physics, he concludes his exploration by saying, "Experiencers tell us that reality is that realm outside Plato's cave where colours are brighter and Oneness with everything is self-evident." *Medium9* Donna Smith-Moncrieffe, 2015-06-18 Humankind has always been in search of new ways to harness inner powers to ensure that our full potential can be reached. In *Medium9*, Smith-Moncrieffe unlocks the secrets of consciousness by taking readers on a fascinating adventure. Experience the power of spiritual energy as ordinary people are reunited with loved ones who materialize and return from the spirit world to communicate during physical mediumship sances. Learn about the extraordinary benefits each of us can achieve during out-of-body experiences and astral travel. Gain insight into the secrets of energy healing with authentic healers who manipulate energy to produce healing beyond the capabilities of traditional medicine. Examine how ordinary people learn about their past lives, subsequently change behaviors, and transform their lives through hypnosis. Gain insight into how extraterrestrial races facilitate instrumental transcommunication, energy healing, and mediumship. When you enlighten yourself with this important knowledge, you can make stunning transformations in your life. Donna Smith-Moncrieffe continues gathering evidence for the afterlife, this time going where few have gone: into the world of dark sances. Using her finely honed critical skills, she makes the reader aware that far from having died out or being totally fraudulent, genuine physical mediumship still exists. She systematically describes the evidence she personally gathered in a series of paradigm-shifting sances held in the United States. Ever the thorough researcher, she conducts fascinating follow-up interviews with witnesses and experts in the field. Her conclusions will stun you. Dr Victor Zammit and Wendy Zammit Co-authors of *A Lawyer Presents the Evidence for the Afterlife* and *The Friday Afterlife Report*. *Medium9* explores the fascinating phenomena of physical mediumship from interviews with participants as well as from the viewpoint of the authors' experience. For those readers who wish to understand the nature of our third-dimensional reality as well as what lies beyond and how our world can interact with higher-dimensional realities, *Medium9* is a unique study of consciousness. Dr Susan Kolb MD FACS, author of *The Naked Truth about Breast Implants: From Harm to Healing*. **Tell My Mother I'm Not Dead** Trevor Hamilton, 2012-10-08 This book divides into two parts. The first is a personal narrative of the impact of the death of the author's son, Ralph, on him and his family, and his efforts to see if there was any evidence for his continued existence generated largely through visits to mediums that a thinking person could take seriously. The second is an attempt to evaluate that evidence objectively based on an extensive survey of current and past scientific research in the UK and the USA. The title reflects the inevitable tension

Steve Miller, 2012-11-01 For some time we've needed a well researched compelling introduction to this exciting field that focuses on the evidence Miller delivers Jeffrey Long MD Reports of near death experiences NDEs are

flooding the media with books articles and interviews People describe hovering over their bodies details of their surgeries talking with deceased relatives and reviewing their lives in vivid detail often while their brains should be incapable of producing rational thought or memories While the accounts are no doubt interesting do they provide any solid evidence for the afterlife and the existence of God Miller argues in nontechnical and engaging prose that it does indeed He began his study doubting that NDEs provided such evidence but found himself convinced by the weight of the evidence In this multiple award winning book the reader will explore The common naturalistic explanations for NDEs Evidence that NDEs point to God and heaven The results of 35 years of research into NDEs by doctors and other professionals fully documented for those who want to study further A comparison of NDEs with Christian teachings Recommendations of key books researchers and publications for further study Can we survive death Is there a God or a heaven Miller provides the discerning reader with ample reason to think that the answer to these all important questions is yes Dr Peter Schaefer Senior Research Psychologist Department of Defense

Afterlife Colin Wilson, 1987-09-16 Is there life after death This is a question that has intrigued mankind since the beginning of history Now the author of *The Outsider* and *The Psychic Detectives* assesses the evidence for this widely held and much contested belief From Adam Crabtree's patients who heard voices inside their heads to Elizabeth Kbler Ross on death and dying from Rudolf Steiner and Madame Blavatsky to Kenneth Ring and Raymond Moody Colin Wilson examines theories trends and phenomena in an effort to reach a conclusion to this most perplexing issue Wilson includes hundreds of case histories and anecdotes on topics as diverse as split brain research apparitions telepathy the magic of primitive man precognition out of the body experiences A consciousness and B consciousness vampires the subliminal mind past lives the mystery of multiple personalities and contact with the dead He asks and answers questions on how far we can trust the evidence given by mediums the presence of spirits in madness how we lost our psychic powers why the Victorians were skeptical of the occult can personality survive death are spirit controls subpersonalities and most important What happens after death
