Introduction to Dutch William Z. Shetter,2012-12-06 This grammar arose from the need for a concise presentation of the essentials of the Dutch language which could be used both for independent home study and in groups or classes under formal instruction With the former aim in mind the explanations have been made as self explanatory as possible and a complete key to the exercises has been provided in an appendix In the interest of simplicity and ease of reference and review each grammatical topic is discussed as fully as practicable in one place and an effort has been made to include only one major grammatical feature in any one chapter But since a solid foundation can more effectively be achieved through study under trained supervision or with a native speaker of the language the presentation has also been made adaptable to this type of study The brief fill in exercises in each lesson provide a model for any amount of drill and the dialogues and readings included at irregular intervals as well as the review selections placed after every few chapters can provide the necessary added practice in supervised instruction Help should in any case be sought with the pronunciation the principal stumbling block in the way of either independent or supervised study *St. Gregorius-blad* ,1881 Brinkman's cumulatieve catalogus van boeken ,1996 Voorts een alphabetische lijst van Nederlandsche boeken in België uitgegeven **Dig if you will the picture** Ben Greenman,2017-08-17 Prince was een onvermoeibare artiest muzikaal virtuoos een kameleon iemand die gevestigde ideeën over ras en gender omver haalde de definitie van identiteit herschreef en de rol van seks in de popmuziek nieuw elan gaf Hij was wervelend grillig tegendraads experimenteel en bijzonder productief De energie van His Royal Badness leek onuitputtelijk Tot die tragische ochtend van 21 april 2016 Muziekjournalist Ben Greenman was elf jaar oud toen Prince hem in zijn greep kreeg om hem nooit meer los te laten Hij begon aan deze biografie om de wond te hechten die de dood van Prince had veroorzaakt de scheur in de wereld te repareren Met de liefde van de ware fan en het scherpe oog van de kritische journalist putte hij uit zijn encyclopedische kennis van Prince muziek en de ideeën erachter Dig if you will the picture werd een unieke collage van het leven de nalatenschap en de sprankeling van poplegende Prince en zijn
