contemporary pilgrimage will find this accessible book a valuable articulation of the different elements in a Christian theology of pilgrimage **The Sung Theology of the English Particular Baptist Revival** Joseph V.

Carmichael, 2020-12-21 Anne Steele 1717-1778 originally wrote her hymns to be sung in the Baptist congregation pastored by her father The foremost female contemporary of hymn writing giants Charles Wesley John Newton and William Cowper her hymns are infused with spiritual sensitivity theological depth and raw emotion She eventually published her hymns under the pseudonym Theodosia which means God's Gift She believed God had given her a gift to share Steele's work was warmly received in her own day Pastor and publishing pioneer of the modern English hymnal John Rippon included more than fifty of her hymns in the various topical sections of his wildly successful Selection of Hymns Rippon's hymnal was popular on both sides of the Atlantic but was especially influential during the nineteenth century revival and renewal of English Particular Baptists This book introduces Steele's hymns in the context of her life and times and of Rippon's hymnal It illustrates that Steele's approach to hymn writing is a model of biblical spirituality Each hymn as printed in Rippon's hymnal and thus sung by congregations and used as devotional literature is considered The sung theology of these congregations is a gift to the church universal and worth rediscovering in the twenty first century **Travel Narrative and the Ends of Modernity**

Stacy Burton, 2013-11-25 Over the past century narratives of travel changed in response to modernist and postmodernist literary innovation world wars the demise of European empires and the effect of new technologies and media on travel experience Yet existing critical studies have not examined fully how the genre changes or theorized why This study investigates the evolution of Anglophone travel narrative from the 1920s to the present addressing the work of canonical authors such as T E Lawrence W H Auden and Rebecca West best sellers by Peter Fleming and H V Morton and texts by Colin Thubron Andrew X Pham Rosemary Mahoney and others It argues that the genre's most important transformation lies in its reinvention as a means of narrating the subjective experience of violence cultural upheaval and decline It will interest scholars and students of travel writing modernism and postmodernism English and American literature and the history and sociology of travel *Powers of Pilgrimage* Simon Coleman, 2022-01-18 Finalist Award for Excellence in the Study of Religion Analytical Descriptive Studies given by the American Academy of Religion A groundbreaking reframing of religious pilgrimage Pious processions Sites of miraculous healing Journeys to far away sacred places These are what are usually called to mind when we think of religious pilgrimage Yet while pilgrimage can include journeying to the heart of sacred shrines it can also occur in apparently mundane places Indeed not everyone has the resources or mobility to take part in religiously inspired movement to foreign lands and some find meaning in religious movement closer to home and outside of officially sanctioned practices Powers of Pilgrimage argues that we must question the universality of Western assumptions of what religion is and where it should be located including the notion that genuine pilgrimage needs to be associated with discrete formally recognized forms of religiosity This necessary volume makes the case for expanding our gaze to reconsider

the salience scope and scale of contemporary forms of pilgrimage and pilgrimage related activity It shows that we need to reflect on how pilgrimage sites journeys rituals stories and metaphors are entangled with each other and with wider aspects of people s lives ranging from an action as trivial as a stroll down the street to the magnitude of forced migration to another country or continent Offering a new theoretical lexicon and framework for exploring human pilgrimage Powers of Pilgrimage presents a broad overview of how we can understand pilgrimage activity and proposes that it should be understood not solely as going to staying at and leaving a sacred place but also as occurring in ordinary times places and practices
