

ORACLES OF NOSTRADAMUS

Nostradamus, Europe's greatest prophet, foresaw three centuries ago events which history has confirmed with uncanny frequency. His "prophetic centuries" forecast the fall of Paris, war in the air, the invasion of Britain. Read the fateful happenings predicted tomorrow for Europe and America by the sixteenth-century soothsayer whom Hitler relies upon today.

Oracles Of Nostradamus:

Oracles of Nostradamus Charles A. Ward, 2023-01-31 This is no doubt a strange book An attempt to gather a meaning out of a few of the involved crabbed and mystical quatrains of the great seer of France the greatest perhaps that the world has ever seen must of necessity be strange My treatment too may possibly seem to many no less strange than the subject matter itself I will speak specially as to this later point towards the close of the preface In last December treating upon Nostradamus in the Gentleman s Magazine I had occasion to remark that every honest man of awakened powers is a kind of prophet and has to do with the future or eternity as it is usually styled Since then I have come upon the same idea in the writings of Philo Jud us He thinks that the Scriptures testify in some sort that every good man is a prophet For a prophet says nothing of his own but everything that he says is strange and prompted by some one else and it is not lawful for a wicked man to be an interpreter of God as also no wicked man can be properly said to be inspired but this statement is only appropriate to the wise man alone since he alone is a sounding instrument of God s voice PHILO Heiro of Divine things 52 Bohn ii 146

Allison,2005-03 Orion s Oracle walked around looking at each student intently and studying every one of them When she stood before each individual she smiled and focused her gaze into their eyes Each student received a powerful surge of energy and would sometimes sit bolt upright immediately The instructor would then smile again and walk on to the next student until she had connected with each one While she was doing this she was also taking note of the other children s

reactions The students felt some kind of energy exchange was occurring but could not explain or understand it at the time After an evening out on the town Ohio State philosophy professor Sandra Sawyer magically slips into a dreamlike state and is transported to Alnilam one of the stars on the belt of the constellation Orion There she becomes a student of Cassandra a radiant and omnipotent oracle who has experienced life on many different dimensions and planes Knowledgeable about all religious and spiritual beliefs Cassandra s purpose as Orion s Oracle is to offer her students the answers to life s most perplexing questions As Cassandra prepares for another rebirth on earth she and Sandra discover that they are dramatically intertwined

The Devil's Oracle Tom F. Dodd, 2007-09 Tom F Dodd s second rivetting thriller As mankind moves closer to a terrorist confrontation with a dirty nuclear device that has the destructive power of rendering a medium sized city uninhabitable clues emerge that propel the police on a hunt for an elusive jihadist A demonic man who will gladly give his own life in exchange for the ruination of international economic and social stability he contrives a horrific plan to smuggle an enormous dirty bomb from Africa into a major European financial city The nuclear device has the potential of creating another Chernoble in the heart of cosmopolitan Europe and creating a vast radioactive wasteland that will last for thousands or years The Devil s Oracle is a shocking page turner that is nearly impossible to put down It is timely in its subject matter and creates what if scenarios that the reader cannot ignore in today s world of terrorist threats and evil deeds

Oracles of Nostradamus C A Ward, 2020-10-24 THIS is no doubt a strange book An attempt to gather a meaning out of a few of the involved crabbed and mystical quatrains of the great seer of France the greatest perhaps that the world has ever seen must of necessity be strange My treatment too may possibly seem to many no less strange than the subject matter itself For a prophet says nothing of his own but everything that he says is strange and prompted by some one else and it is not lawful for a wicked man to be an interpreter of God as also no wicked man can be properly said to be inspired but this statement is only appropriate to the wise man alone since he alone is a sounding instrument of God s voice PHILO Heir of Divine Things 52 Bohn ii 146 It is impossible to say whether an inner sense does not really exist in the mind seldom developed indeed but which may have a power of presentiment All the external senses have their correspondents in the mind the eye can see an object before it is distinctly apprehended why may there not be a corresponding power in the soul The power of prophecy might have been merely a spiritual excitation of this dormant faculty In the matter of prophecy Photius says in his *Amphilochia* that prophecy is by no means necessarily connected with virtue for that Herod pre announced as it were that the Gentile magi Jud a and the world were about to recognize Christ for King and so he desired to make away with him In this way he played the part of prophet to the whole human race Caiaphas he thinks was not conscious of what he said in the mania of a desire to kill his lips prophesied that it was right that one should die to save the whole world Let his blood be upon us and upon our children is a foreboding instinct of the same description In the council of the Pharisees John xi 48 it was prophetic If we let him alone the Romans will come and take away our place and nation and though they followed out then

own counsel this is just what happened And see he adds the ass in the Old Testament could forecast future things He was an heretical writer Photius but he was evidently not so far away as the world is now from believing that prophetic endowment is a sense widely distributed to humanity in general These hints alone may furnish us with food for useful meditation Now with all this a reader will very likely say Supposing we grant you the prophetic as a sixth sense to be henceforth reckoned as a permanent though generally latent endowment of the race what is the good of such a sense supposing with you that your prophet can never be understood till after the event has taken place and then only when some drudging interpreter has untwisted his tortuous language and thrown it into the intelligible vernacular The reader first of all should glance over the life of Nostradamus It will be for him to determine whether my vindication of his name from imposture be adequate or not

Renaissance and Reformation, 1500-1620 Jo Carney, 2000-10-30 Covering the period comprising the Renaissance and Reformation this volume introduces a unique set of interdisciplinary biographical dictionaries providing basic information on the people who have contributed significantly to the culture of Western civilization Unlike general dictionaries which focus on political and military figures this book covers such figures as the religious leaders who contributed to the Reformation scientists who paved the way for a new view of the universe and Renaissance painters sculptors and architects as well as writers musicians and scholars While the great personalities are included Michelangelo Shakespeare Galileo the volume covers lesser known figures as well the Muslim scholar Leo Africanus the Flemish geographer astronomer Gemma Frisius the English travel writer Thomas Coryate Although many of the subjects also had political influence the entries are written to highlight their individual cultural achievement An exciting tumultuous and chaotic age the years from 1500 to 1620 saw increasing discontent with Catholicism and the beginning of Protestantism with Luther's 95 theses great strides in the development of the printing press and a resulting increase in literacy the humanist movement with its emphasis on the arts of antiquity a proliferation of literature and art inspired by but moving beyond classical forms and conflict between the triumph of Renaissance culture and the theologians of the Protestant Reformation The resulting cultural production was astounding This volume covers those who contributed to the fields of art and architecture music philosophy religion political and social thought science mathematics literature history and education With over 350 entries written by 72 scholars the book provides a good basic resource on an exciting age
