Gustavo Arellano

Orange County A Personal History:

Orange County Gustavo Arellano, 2008-09-16 Bestselling author of *Ask a Mexican* Gustavo Arellano returns with *Orange County* a seamlessly woven history of California's Orange County with Gustavo's personal narrative of growing up within its neighborhoods. The story began in 1918 when Gustavo Arellano's great grandfather and grandfather arrived in the United States only to be met with flying potatoes. They ran and hid and then went to work in Orange County's citrus groves where eventually thousands of fellow Mexican villagers joined them. Gustavo was born sixty years later the son of a tomato canner who dropped out of school in the ninth grade and an illegal immigrant who snuck into this country in the trunk of a Chevy. Meanwhile Orange County changed radically from a bucolic paradise of orange groves to the land where good Republicans go to die. American Christianity blossoms and way too many bad television shows are green lit. Part personal narrative part cultural history *Orange County* is the outrageous and true story of the man behind the wildly popular and controversial column *Ask a Mexican* and the locale that spawned him. It is a tale of growing up in an immigrant enclave in a crime ridden neighborhood but also in a promised land a place that has nourished America's soul and Gustavo's family both in this country and back in Mexico for a century. Nationally bestselling author syndicated columnist and the spiciest voice of the Mexican American community Gustavo Arellano delivers the hilarious and poignant follow up to *Ask a Mexican* his critically acclaimed debut *Orange County* not only weaves Gustavo's family story with the history of Orange County and the modern Mexican immigrant experience but also offers sharp *caliente* insights into a wide range of political cultural and social issues. Born in OC Greer Wylder, 2024-10-28 For over a decade I've been captivated by the idea of this book which goes beyond profiling well known locals in Orange County. It focuses on individuals who contribute significantly to the region's culture and beyond showcasing a diverse range of stories. Orange County isn't just a location it's a hub of creativity entrepreneurship and innovation from surf culture to tech giants. Despite stereotypes perpetuated by reality TV this book highlights the real essence of OC through figures like Steve Van Doren of Vans Megan Klink of Susan G Komen and Anton Segerstrom whose family's legacy spans agriculture to the arts. It's not just about names but narratives featuring perspectives and careers accompanied by original portraits that capture their essence. Because to me a place is defined by its people and Orange County is rich with individuals whose stories deserve recognition. **A Genealogical and Personal History of Bucks County, Pennsylvania** William Watts Hart Davis, 1975 Reprint of v 3 of the 1905 ed published by Lewis Pub Co New York under title *History of Bucks County Pennsylvania from the discovery of the Delaware to the present time*. **Mexican American Baseball in Orange County** Richard Santillan, Susan C Luévano, Luis F. Barrios to Burbs Jody Vallejo, 2012-08-15 Too frequently the media and politicians cast Mexican immigrants as a threat to American society. Given America's increasing ethnic diversity and the large size of the Mexican origin population an investigation of how Mexican immigrants and their descendants achieve upward mobility and enter the middle class is long overdue. Barrios to Burbs offers a new understanding of the Mexican American experience. Vallejo explores the challenges that accompany rapid social mobility and examines a new indicator of incorporation a familial obligation to give back in social and financial support. She investigates the salience of middle class Mexican Americans ethnic identification and details how relationships with poorer coethnics and affluent whites evolve as immigrants and their descendants move into traditionally white middle class occupations. Disputing the argument that Mexican communities lack high quality resources and social capital that can help Mexican Americans incorporate into the middle class Vallejo also examines civic participation in ethnic professional associations embedded in ethnic communities. **Global Perspectives on the Biology and Life History of the White Shark** Michael L.
