Groups and Networks Christian A. Witting, 2018-01-11 What happens when a corporate subsidiary or network company is unable to pay personal injury victims in full? This book sets out to tackle the insolvent entity problem, especially as it arises in cases of mass wrongdoing such as those involving asbestos exposure and defective pharmaceuticals. After discussing the nature of corporate groups and networks from the perspectives of business history, organization studies and social theory, the book assesses a range of rules and proposed rules for extending liability for personal injuries beyond insolvent entities.
