Research Based Bilingual Instruction Maryann Hasso, 2021-06-10 The topic of English learners and multiple modalities represents an important topic to study because teachers become overwhelmed managing classrooms Research Based Bilingual Education The Impact of Multiple Modalities in a K 12 English Learner Classroom seeks to uncover these modalities by focusing on spatial kinesthetic musical and interpersonal intelligence With a specific emphasis on spatial intelligence this book explores this concept as a way for English Learners to recall and use language with text that creates images or pictures in a student s brain It allows them to see language in other ways without having to use a translation device to define words Ultimately the author argues that ELs use spatial intelligence to help them visually remember

concepts Students who are learning English as a second language need to interact with others such as their peers to help them
