Ronald Oakley, 1994 The place was post World War II America and baseball was entering its last Golden Age Fans flocked to the ballparks or tuned in on their television sets to catch the heroics of some of the greatest players the game has ever known Men like Joe DiMaggio Stan Musial Willie Mays and Mickey Mantle could be seen hitting pitching and catching their way to the Hall of Fame But just like the rest of post war America baseball was experiencing change The rise of the specialized relief pitcher and the increased emphasis on the home run worked to alter the game on the field Off the field the baseball players themselves were changing Players were becoming better educated and more vocal and were demanding better pay Many no longer played the game for fun It was a time of

social change as Jackie Robinson broke baseball's color barrier and opened the door for other black players to join what had previously been an all white game. It was a time too when the national pastime was being transformed by television competition from football and other spectator sports, dramatic declines in attendance and the first movement of franchises in fifty years. From dramatic pennant races to the spread of night games, this account covers every facet of baseball's last Golden Age. *Journal of the Senate of the State of Indiana*, Indiana General Assembly, Senate, 2016. *What Do I Read Next?* Rafaela Castro, 1997.
