The Winning Habits of Steve Jobs Dr. Robert M. Toguchi, 2017-05-03 The Winning Habits of Steve Jobs provides a glimpse into the successful attributes of this remarkable icon of the technology industry Often characterized as one of the founders of the personal computer revolution Steve Jobs displayed distinct habits and behaviors of entrepreneurship that were the foundations of his success Of note the vast majority of books that describe Jobss success

emphasize what he did in terms of dates events start ups and product launches Other books discuss lessons learned but they rarely address the approach of how to apply these insights This book is different Rather than focusing on a chronology of biographical events Winning Habits will delve into an exploration of the how behind Jobs remarkable success It provides the perspective that Steve designed his personal life to optimize many aspects of entrepreneurship by creating and sustaining successful habits that were aligned with his core values These core habits supported his long term goal of becoming the preeminent technology entrepreneur of his time Beyond the habits of Steve Jobs this book also innovates by comparing these remarkable habits with those of entrepreneurs Jeff Bezos Mark Cuban Elon Musk Bill Gates Mark Zuckerberg Warren Buffett and Larry Ellison

Framing and Managing Lean Organizations in the New Economy Darina Lepadatu, Thomas Janoski, 2020-02-18 This book examines the dominance and significance of lean organizing in the international economy Scholars from each discipline see lean production as positive or negative the book blends theory with practice by sorting out these different academic views and revealing how lean is implemented in different ways The first part synthesizes academic research from a range of disciplines including engineering sociology and management to present the reader with an integrated understanding of the benefits and drawbacks of lean management The second part links this theory to practice with a set of case studies from companies like Apple Google Nike Toyota and Walmart that demonstrate how lean is implemented in a variety of settings The book concludes with three models explaining how Toyotism Nikefication with offshoring and Waltonism provide full or less complete models of lean production It clearly presents the positive and negative aspects of lean and insights into the culture of lean organizations With its rich interdisciplinary approach Framing and Managing Lean Organizations in the New Economy will benefit researchers and students across a range of classes from management sociology and public policy to engineering
