Interactive Documentary Kathleen M. Ryan, David Staton, 2022-03-17 Interactive documentary is still an emerging field that eludes concise definitions or boundaries Grounded in practice based research this collection seeks to expand the sometimes exclusionary field giving voice to scholars and practitioners working outside the margins Editors Kathleen M Ryan and David Staton have curated a collection of chapters written by a global cohort of scholars to explore the ways that interactive documentary as a field of study reveals an even broader reach and definition of humanistic inquiry itself The contributors included here highlight how emerging digital technologies collaborative approaches to storytelling and conceptualizations of practice as research facilitate a deeper engagement with the humanistic inquiry at the center of documentary storytelling while at the same time providing agency and voice to groups typically excluded from positions of authority within documentary and practice based research as a whole This collection represents a key contribution to the important and vocal debates within the field about how to avoid replicating colonial practices and privileging This is an important book for practice based researchers as well as advanced level media and communication students studying documentary media practices interactive storytelling immersive media technologies and digital methodologies *Forest and Stream*, 1891

**Noncoercive Threats to Academic, Political, and Economic Freedom** Akeel Bilgrami, Jonathan R. Cole, 2025-12-02 States and institutions in both conventionally authoritarian and formally democratic societies overtly circumscribe freedom in any number of ways Yet there are also subtler forms by which authorities and cultural forces compromise the choices of individuals in ways that do not seem at first glance to be coercive This book brings together a distinguished set of scholars to examine covert constraints on academic political and economic freedom from a variety of angles developing surprising and timely new insights Ranging across philosophy economics law health science art and the

media luminaries from different fields expose threats to freedom within avowedly liberal and democratic institutions and cultures Their incisive essays both analytical and historical emphasize how economic inequality academic orthodoxy media control racism and gender roles undermine the potential for human flourishing By considering such multifarious noncoercive threats they illuminate the vexed notion of freedom Lively and learned this book offers a provocative and urgent understanding of the often unacknowledged forces that restrict our choices Contributors include David Bromwich Eric Foner Robert Gooding Williams Michael Ignatieff Laura Kipnis Anya Schiffrin Joseph E Stiglitz and Geoffrey R Stone In an essay and an interview with the volume editors Noam Chomsky addresses the neoliberal assault on academic freedom

Four Battlegrounds Paul Scharre, 2023-02-28 An NPR 2023 Books We Love Pick One of the Next Big Idea Club's Must Read Books An invaluable primer to arguably the most important driver of change for our future P W Singer author of *Burn In* An award winning defense expert tells the story of today's great power rivalry the

struggle to control artificial intelligence A new industrial revolution has begun Like mechanization or electricity before it artificial intelligence will touch every aspect of our lives and cause profound disruptions in the balance of global power especially among the AI superpowers China the United States and Europe Autonomous weapons expert Paul Scharre takes readers inside the fierce competition to develop and implement this game changing technology and dominate the future Four Battlegrounds argues that four key elements define this struggle data computing power talent and institutions Data is a vital resource like coal or oil but it must be collected and refined Advanced computer chips are the essence of computing power control over chip supply chains grants leverage over rivals Talent is about people which country attracts the best researchers and most advanced technology companies The fourth battlefield is maybe the most critical the ultimate global leader in AI will have institutions that effectively incorporate AI into their economy society and especially their military Scharre s account surges with futuristic technology He explores the ways AI systems are already discovering new strategies via millions of war game simulations developing combat tactics better than any human tracking billions of people using biometrics and subtly controlling information with secret algorithms He visits China s National Team of leading AI companies to show the chilling synergy between China s government private sector and surveillance state He interviews Pentagon leadership and tours U S Defense Department offices in Silicon Valley revealing deep tensions between the military and tech giants who control data chips and talent Yet he concludes that those tensions inherent to our democratic system create resilience and resistance to autocracy in the face of overwhelmingly powerful technology Engaging and direct Four Battlegrounds offers a vivid picture of how AI is transforming warfare global security and the future of human freedom and what it will take for democracies to remain at the forefront of the world order

*Connected Histories* Eva Pfanzelter, Dirk Rupnow, Éva Kovács, Marianne Windsperger, 2024-09-23 The World Wide Web WWW and digitisation have become important sites and tools for the history of the Holocaust and its commemoration Today some memory institutions use the Internet at a high professional level as a venue for self presentation and as a forum for the discussion of Holocaust related topics for potentially international transcultural and interdisciplinary user groups At the same time it is not always the established institutions that utilise the technical possibilities and potential of the Internet to the maximum Creative and sometimes controversial new forms of storytelling of the Holocaust or more traditional ways of remembering the genocide presented in a new way with digital media often come from people or groups who are not in the realm of influence of the large memorial sites museums and archives Such private stagings have experienced a particular upswing since the boom of social media This democratisation of Holocaust memory and history is crucial though it is as yet undecided how much it will ultimately reinforce old structures and cultural regional or other inequalities or reinvent them The Digital space as an arbitrary and limitless archive for the mediation of the Holocaust spanning from Russia to Brazil is at the centre of the essays collected in this volume This space is also considered as a forum for negotiation a meeting place and a battleground for generations and stories and as such offers

the opportunity to reconsider the transgenerational transmission of trauma family histories and communication Here it becomes evident there are new societal intentions and decision making structures that exceed the capabilities of traditional mass media and thrive on the participation of a broad public **PC World** ,2008-07 **Digital Marketing** Klaus Solberg Söilen,2024-12-02 This textbook balances the theory of digital marketing with the practical skills for prospective marketers in professional organizations both public and private It begins with an introduction to the digital landscape following the structure of market segmentation B2C B2B applications as a starting point of digital marketing It then takes the readers through the customer journey use of social media and the rising importance of video based communication Given this background students will learn the organization technical skills and project management needed for digital marketing including online public relations communications and internet branding An extensive summary of strategies necessary to work with digital marketing in a longer perspective is also provided **Cultural Citizenship and Popular Culture** Joke Hermes,2023-09-27 Written in an accessible and engaging style this book uses a series of case studies to show how popular media are important to us as a source of pleasure and entertainment but also in communicating about the world with others Social media platforms have changed how we talk about what we like and dislike in our popular media use Cultural citizenship shows how these discussions speak to belonging to what we feel our rights and responsibilities are in today s polarized world Cultural Citizenship and Popular Culture is based on audience led research and does not privilege textual analysis as a starting point for taking popular media use s measure Instead it offers research tools to listen to others This book offers scholars and students of media and creative industries a means to understand their professional position as one in which they engage with rather than assume to know what users of popular cultural texts and products think and feel
