Ellerby,2009-10-29 Are you

looking for inner peace Do you seek a deeper understanding of yourself and the spiritual world Have you followed the popular prescriptions for enlightenment and still found yourself unsatisfied *Return to The Sacred* is a fascinating guide that will help you understand the importance of spiritual practice and the great diversity of paths that are available to you This is a book that does more than provide philosophy and inspiration it gives you the freedom to find a path that works for you and the knowledge to experience the answers for yourself You ll learn about the time tested tools of spiritual growth that will help you discover extraordinary depths of wisdom power and peace *Return to The Sacred* will introduce you to the 12 Master Paths and Practices that have transformed the lives of countless saints mystics masters and sages since the beginning of history In this book you ll find what you need to discover your spiritual personality and choose the path that will lead you toward the realization of boundless joy and a lifelong journey of meaning You ll see that no matter where you re at in your personal life high or low rich or poor sick or well this is the perfect time for you to embrace a spiritual practice and discover the ever present power of The Sacred Everything you ve gone through up to this very moment has been exactly what was necessary to prepare you for what comes next You need nothing more than what you have with you right now to experience the most profound peace and wisdom of your life *Salvation Goods and Religious Markets* Jörg Stolz,2008 The idea that religion has to succeed in a market selling salvation goods has proved to be extremely attractive to scholars in sociology and the study of religion Max Weber used the term salvation good to compare different religious traditions Pierre Bourdieu

employed the term in order to analyze religious economy And recently an American group of researchers advocating rational choice of religion put the theme at the forefront of current debates This book the fruit of an International Congress in Lausanne in April 2005 brings together leading specialists in the fields of sociology and the study of religion who discuss the terms salvation goods or religious goods and religious market The authors test the applicability of these concepts by using specific examples and they either deliberately advocate or criticize Weberian Bourdieusian or rational choice perspectives

*The Doctrine of the Upanisads and the Early Buddhism* Hermann Oldenberg,1991-01-01 Chapter I of this study which discusses the older Upanisads viz the Brhad Aranyaka Upanisad and the Chandogya Upanisad describes at the outset how the idea of the Supreme Being the unique mystic power was conceived in the words Brahman and Atman and how these two entities merged with each other and became identical It then discusses the doctrine of metempsychosis as evolved from the relation between the Supreme Being and the world of plurality In this period the magician priest begins to become a philosopher Chapter II deals with later Upanisads like Kathaka Upanisad Maitrayana Upanisad and Svetasvatara Upanisad This period clearly reveals beginnings of the formulation of a system in the form of Samkhya Doctrine and the Yoga Here the ultimate goal of human yearning the salvation from suffering becomes visible In short we perceive the development of thought of the Indian Philosophy from an impersonal god of impersonal powers to a personal god But interestingly a system strongly enforcing the elements of Yoga decisively rejected theism and adhered to the pessimistic thought of Indian mysticism the Doctrine of Buddhism This is described in Chapter III

**Conjugal Love: Our Path of Return** Clayton Tylor, 2019-03-04 Conjugal love is the Divine as a feeling It is the spiritual heat and light of every soul It is the feeling of gratitude to the Universe together with the feeling of mutual love to the neighbor To receive conjugal love requires that we first will the affection of love upwards and outwards In this way we expand our sense of self to get a glimpse of the feeling of the four fold rhythm of Divine order Once the sensual rhythm of Divine order has been established as the feeling of love it purifies our feeling of self of its identification and attachment with the physical body This new spiritual perspective transforms our sense of self from personality to individuality which then awakens the feeling of conjugal love The feeling of conjugal love is our Path of Return Within the flow of the feeling of conjugal love we can sense our spiritual self first as the feeling of profound peace but then as higher states of love as feelings of being infinite and eternal

**Bridging and Relevance** Tomoko Matsui, 2000-09-15 While it has long been taken for granted that context or background information plays a crucial role in reference assignment there have

been very few serious attempts to investigate exactly how they are used This study provides an answer to the question through an extensive analysis of cases of bridging The book demonstrates that when encountering a referring expression the hearer is able to choose a set of contextual assumptions intended by the speaker in a principled way out of all the assumptions possibly available to him It claims more specifically that the use of context as well as the assignment of referent is governed by a single pragmatic principle namely the principle of relevance Sperber Wilson 1986 1995 which is also a single principle governing overall utterance interpretation The explanatory power of the criterion based on the principle of relevance is tested against the two major current alternatives truth based criteria and coherence based criteria using data elicited in a battery of referent assignment questionnaires The results show clearly that the relevance based criterion has more predictive power to handle a wider range of examples than any other existing criterion As such this work adds to the growing body of evidence supporting the insights of relevance theory The work has been awarded the 2001 Ichikawa Award for the best achievement in English Linguistics by a young scholar in Japan
