World Cinema On Demand Stefano Baschiera, Alexander Fisher, 2022-05-05 *World Cinema on Demand* brings together diverse contributions by leading film and media scholars to examine world cinema's dialogue with the transformations that took place during 2010-2014, engaging directly with ongoing debates surrounding national cinema, transnational identity and cultural globalization as well as ideas about genre, fandom and cinephilia. The contributions look at individual national patterns of online distribution, engaging with archives, SVODS and torrent communities. The essays also investigate the cross-cultural presence of world cinema in non

domestic online markets such as Europe's for example. As a result, the volume sheds light on geo-politically specific issues of film circulation, consumption and preservation within a range of culturally diverse filmmaking contexts including case studies from India, Nigeria, Mexico and China. In this way, the collection maps the impact of different online formats of distribution in the understanding of World Cinema, underlining the links between distribution and media provisions as well as engaging with new forms of intermediation.

Winning on Purpose Fred Reichheld, Darci Darnell, Maureen Burns, 2021-12-07 Great leaders embrace a higher purpose to win. The Net Promoter System shines as their guiding star. Few management ideas have spread so far and wide as the Net Promoter System (NPS). Since its conception almost two decades ago by customer loyalty guru Fred Reichheld, thousands of companies around the world have adopted it from industrial titans such as Mercedes-Benz and Cummins to tech giants like Apple and Amazon to digital innovators such as Warby Parker and Peloton. Now Reichheld has raised the bar yet again. In *Winning on Purpose*, he demonstrates that the primary purpose of a business should be to enrich the lives of its customers. Why? Because when customers feel this love, they come back for more and bring their friends, generating good profits. This is NPS 3.0, and it puts a new take on the age-old Golden Rule: treat customers the way you would want a loved one treated at the heart of enduring business success. As the compelling examples in this book illustrate, companies with superior NPS consistently deliver higher returns to shareholders across a wide array of industries. But winning on purpose isn't easy. Reichheld also explains why many NPS practitioners achieve just a small fraction of the system's full potential and he presents the newest thinking and best practices for doing NPS right. He unveils the Earned Growth Rate (EGR), the first reliable complementary accounting measure that can truly leverage the power of NPS. With keen insight and moving personal stories, Reichheld advances the thinking and practice of NPS. *Winning on Purpose* is your indispensable guide for inspiring customer love within your own teams and using Net Promoter to achieve both personal and business success.
