Domesday Now David Roffe, K. S. B. Keats-Rohan, 2016 Essays into numerous aspects of the Domesday Book shedding fresh light on its mysteries Compiled from the records of a survey of the kingdom of England commissioned by William the Conqueror in 1085 Domesday Book is a key source for the history of England However there has never been a critical edition of the text and so despite over 200 years of intense academic study its evidence has rarely been exploited to the full The essays in this volume seek to realize the potential of Domesday Book by focussing on the manuscript itself There are analyses of abbreviations letter forms and language re assessments of key sources the role of tenants in chief in producing them and the nature of the Norman settlement that their forms illuminate a re evaluation of the data and its referents and finally fresh examinations of the afterlife of the Domesday text and how it was subsequently perceived In identifying new categories of evidence and revisiting old ones these studies point to a better understanding of the text There are surprising insights into its sources and developing programme and intriguingly a system of encoding hitherto unsuspected In its turn the import of its data becomes clearer thereby shedding new light on Anglo Norman society and governance It is in these terms that this volume offers a departure in Domesday studies and looks forward to the resolution of long standing problems that have hitherto bedevilled the interpretation of an iconic text David Roffe and K S B Keats Rohan are leading Domesday scholars who have published widely on Domesday Book and related matters Contributors Howard B Clarke Sally Harvey K S B Keats Rohan Andrew Lowerre John Palmer David Roffe Ian Taylor Pamela Taylor Frank Thorn Ann Williams
